

Yanks in England Train with Chemicals

While a corporal (second from left) keeps his flame thrower pouring liquid fire at an "enemy" strongpoint, his fellow soldiers keep their tommy guns chattering during United States troop maneuvers in England, where the men are being given their first lessons abroad in the use of chemicals as offensive and defensive weapons.

Enemy Submarines Increase Activity at Cape Good Hope

**See Axis Forced Far Afield by Tactics of United Nations**

**BULLETIN**

Rio de Janeiro, Oct. 14—(AP)—German submarines have sunk two more Brazilian merchantmen—the 20th and 21st sent to the bottom by U-boats in this war—the government announced today.

It said the sinkings were the first since Brazil declared war on the axis as a result of attacks on her shipping and that both occurred on the same day in the same area of the western South Atlantic, last Sept. 29 off the northern Brazilian state of Para.

London, Oct. 15—(AP)—An authoritative British source said today that German submarine warfare has been intensified in the area around the Cape of Good Hope, indicating that U-boats are being "forced further afield by the defensive-offensive tactics of the United Nations."

Previous enemy efforts in this area, around the southern point of Africa on the main seaway connecting Britain and the United States with the Middle East, China and Russia, had been chiefly mine-sowing and occasional surface or U-boat raids.

"We now see a new phase beginning with U-boat concentrations," said this source, who insisted on anonymity.

This informant said the nazis presumably were operating with a complete supply setup since "it would be uneconomical to send a submarine from France to the Cape without some source of supply in the area."

One of the best means of combating the sub-sea menace, therefore, would be to destroy refueling points, he added, declaring that United Nations warships probably were now trying to seek out supply ships and possible shore bases.

**TWO MONTHS' TOLL TOLD**

Washington, Oct. 14—(AP)—A total of 42 United Nations seamen were lost in August and September, the Navy announced today, in the sinking of one Panamanian and one United States merchant vessel in the Atlantic off the coast of South America.

The United States ship, described as a small craft, was torpedoed at dawn without warning and went under in two minutes. A survivor was quoted by the Navy as saying that suction from the foundering vessel tore five men away from an overturned lifeboat and pulled them under.

The medium sized Panamanian ship took two hours to sink but had the heavier casualties.

**Heroic Incident**

The Navy made brief accounts of the incidents available here on the basis of survivor reports, explaining that survivors had landed at an east coast United States port some time ago. There were 33 casualties—dead or missing—among the 71 crew members.

The Panamanian ship was torpedoed at night in an attack by two submarines. Shortly after sinking, the subs surfaced and the mate of the merchant ship was taken aboard the larger of the two and questioned briefly. He was then released.

One of the heroic incidents of his sinking was described by a seaman now recovering from his injuries. He said that a middle

THE WAR TODAY

**Wide World War Analyst**

London, Oct. 14.—Stalingrad the Magnificent continues not only to hold its ground but to muster the strength to counterattack the Boche, thereby increasing the margin of the defeat which the allied nations are in the process of administering to the harried Hitler.

The stand of Stalingrad is one of the wonders of the world. Still, I believe we shall make a mistake if we allow our satisfaction to blind us to the cost of this defense and to how that cost might affect the speed with which the allied war machine is traveling toward victory.

Of course, it is difficult to think of Stalingrad in terms of other than those of mountainous strength. Certainly great power has been there but when the epic finally is written we likely shall find stark courage and willingness to die have been a greater defense than have bullets.

In any event, while the Red armies have been hammering Hitler's boasted legions to bloody pulp the Muscovites themselves suffered grievously. Like the Germans, the defenders lost hugely in both men and material.

If these were the only drain, the Reds could stand it.

They have a wellnigh inexhaustible reservoir of manpower and equipment is replaceable. That is equipment would be replaceable if the soviet still had the great industrial facilities with which it began the war and this brings me to the real issue:

The Muscovites have lost a heavy percentage of their vital industries in western Russia to the invader. They have lost mineral resources. They have lost the Ukraine, the breadbasket of the union, and so much other agricultural territory it may well be that Uncle Sam will have to ship food to them this winter.

True, Premier Stalin rushed fresh industries into being behind the mighty barrier of the Ural mountains. He has created new fields of grain. He is building a

(Continued on Page 2)

**Ignorant**

Los Angeles, Oct. 14—(AP)—Candido Yozano, 40-year-old farm worker, isn't one to fret over current events.

He was arrested for vagrancy, and could produce no draft registration card.

"I didn't know about this draft," he explained. "I didn't know there was a war going on."

"We Can Hold What We've Got" Says Commander of U. S. Fleet in Pacific

Pearl Harbor, T. H., Oct. 14.—(AP)—Admiral Chester W. Nimitz, discussing his recent trip to the Solomon Islands battle zone, said today he was confident "we can hold what we have got and consolidate our positions and eventually start moving ahead."

The commander-in-chief of the Pacific fleet said he conferred with Vice-Admiral Robert L. Ghormley, naval commander in the South Pacific, and visited Guadalcanal and other island bases.

"But I didn't see a Jap—not even a prisoner," he remarked.

"I went down to the Solomon Islands area to see with my own eyes what I had been reading and hearing about. The men on Guadalcanal were in fine spirit and working hard.

"The Japanese must now realize

Lee Center Grade School Pupils 100 Per Cent in Drive

**Two Rooms Attain Goal of Perfection in Salvage Collection**

Lee Center today reported two rooms of the grade school having reached the 100 per cent goal in the Dixon Evening Telegraph-sponsored county wide metal salvage campaign, the first to report in the county. More than five tons of varied scrap metals had been collected by the students and delivered to the junk pile, it was stated.

The certificates of patriotism were delivered to the children in the schools Monday morning when the campaign officially got under way and an immediate response resulted after teachers had explained the program to the students. Farm properties were thoroughly canvassed and homes were searched for any waste

County Chapter of Navy Council Here

A Lee county chapter of the Navy Council of Illinois, a national organization, was perfected at a meeting held last evening at the Loveland Community House.

Walter C. Knack was elected chairman; F. A. Hanson, secretary; E. E. Barrowman, treasurer; Harry Beard, chairman of special events; N. H. Kaiserman, chairman of the speaker's bureau; Rev. R. W. Ford, welfare chairman; A. C. Bowers and C. K. Willett, recruiting chairmen and Rae E. Arnold, membership chairman.

The purpose of the Navy Council is to acquaint the general public with the future activities of the Navy, recruiting activities, the Navy's duties and its place in peace after war. Councils are being organized throughout the country.

Plans were discussed for the observation of Navy Day in Dixon and in Lee county. A film "Know Your Navy" was previewed and F. A. Hanson led the discussion which followed on the subject.

The film is available and a speaker will be furnished in any part of the county by contacting F. A. Hanson at the I. N. U. Co. offices in Dixon or any officer of the organization. The council will compile a list of all Lee county men now serving with the naval forces and of those who served in the Navy during World War I.

they are going against American forces in that area. Particularly in the Marines they are meeting a people just as tough as they are themselves and just as well equipped and trained for jungle fighting as they are themselves. x x x

"The Japs must not be underestimated. They are brave, resourceful, and for the most part experienced fighters. But they are meeting a people with those same characteristics now and suffering losses accordingly.

"Furthermore, the Japanese have a supply problem in the Solomons as difficult as our own."

Admiral Nimitz pointed out that the distance between Guadalcanal and Pearl Harbor is about the same as between Guadalcanal and Tokyo, and that Malaya is even more distant.

Japs Battered Throughout Pacific

Red Armies Drive New Wedges Into Stalingrad Lines

Gain Ground; American Airmen Score First Victory in East

**By ROGER D. GREENE**

Associated Press War Editor

Marshal Semeon Timoshenko's Red armies were reported to have driven two new wedges today into the 40-mile German barrier northwest of Stalingrad, while inside the city the defenders recaptured a street yielded to the nazis on Monday.

It was Stalingrad's 51st day of siege.

On the Egyptian front, U. S. Army fighter planes were officially credited with scoring their first major victory of the Middle East campaign yesterday when 12 American fighters battled 20 German Messerschmitts over the nazi lines and forced them to disperse.

United States headquarters said two German planes were shot down and a third was damaged. No American losses were listed.

**Nazis Pressed Back**

In the siege of Stalingrad, the soviet command reported that Russian elite guardsmen "attacked the enemy's forward lines and pressed back the Germans somewhat" northwest of the city.

Pravda reported that the Germans had also been thrown back in a salient south of the city, and declared advancing soviet troops had seized a basic point in the German lines and held it against counterattacks.

Thus the Red armies were pictured as gaining ground and taking the initiative in three main sectors around the embattled city.

For the fourth consecutive day, Hitler's field headquarters reported no gains in the siege area and indicated that the initiative was passing to the Russians.

The Russians declared they had improved their positions along the Black sea coast, southeast of Novorossisk, when Red fleet mines wiped out two axis infantry companies in a battle for a coastal highway.

**In Central Caucasus**

In the central Caucasus the Russians said they had beaten off an attack by two tank-led German infantry battalions, killed about 300 nazis and driven the survivors back to their original lines.

Military reports indicated that the heaviest fighting raged on the German left flank above Stalingrad.

Dispatches to Red Star said Russian shock troops advanced in two sectors on the northwest steppes, along the vital corridor between the Don and Volga rivers.

Red army tanks followed up the infantry assault, soviet headquarters reported, and "killed about 300 Hitlerites."

**70th Attack on Kiel**

On the aerial front, squadrons of RAF bombers perhaps 250 strong attacked the German U-boat and naval base at Kiel overnight in the second night attack on the reich in 24 hours.

Nine RAF bombers were listed as missing.

The raid marked the 70th attack on Kiel of the war.

Other developments:

**Battle of Malta—**RAF fighters, beating off an almost constant stream of axis bombers over Malta, were officially credited with shooting down 17 more enemy planes yesterday for a three-day total of 56 aircraft destroyed and at least 50 damaged.

British defenders of the Mediterranean island stronghold, a perennial threat to axis convoys en route to North Africa, lost only one Spitfire in yesterday's battles, a communicate said.

**Egyptian Campaign—**Allied heavy and medium bombers attacked the axis base at Tobruk, and pounded enemy forces along the north African coast, British headquarters announced.

United States fighter planes won their first major victory of the Middle East war yesterday when 12 of them fought 20 Messerschmitts over the German lines and shot down two.

**MOSCOW DETAILS**

Moscow, Oct. 14—(AP)—Defenders of Stalingrad consolidated reclaimed positions and the epic clash of arms was declared today to have reverted again to artillery dueling as soviet marines assumed the initiative in savage fighting on the western Caucasian front.

Exchanges of shells and mortar grenades developed on the 51st day of the siege after Red army counterattacks had regained positions lost before a short-lived German infantry drive Monday, the Russians said.

The army newspaper Red Star said Russian troops advanced in two sectors on the steppes northwest of the city.

A Pravda dispatch declared

(Continued on Page 2)

Box Score

Washington, Oct. 14—(AP)—Here is a box score summary of damage inflicted on Japanese naval forces in the Solomon Islands campaign as compared with American losses. The figures are based entirely on reports issued by the Navy at Washington.

**Japanese Losses:**

Sunk—One heavy cruiser, six destroyers, one transport. Probably sunk—Two destroyers, one transport.

Damaged—two aircraft carriers, one battleship, three heavy cruisers, 12 light cruisers, six destroyers, three plane tenders, four transports, two cargo ships, four miscellaneous ships, total, 37.

Total Jap ships sunk and damaged to date—48.

**American:**

Sunk—Three cruisers, three destroyers, four transports.

American ships have also suffered some damage in recent naval action in the Solomons, but the particular ships and extent of damage have not been officially reported, except that the Navy described it as "minor to moderate."

Believe Japs Have Forsaken Aerial Defense at Kiska

**By WILLIAM L. WORDEN**

Alaskan Army Air Force Headquarters, Oct. 14—(AP)—There is comforting quiet these days in the air over Kiska—a signal, allied pilots believe, that the enemy has forsaken aerial defense of the outer Aleutian territory he seized four months ago.

Flights of heavy bombers dispatched almost daily to devastate the Japanese island positions still are bounced through the skies by anti-aircraft shells when they arrive over their targets.

But not since October 3 has a single Japanese fighter risen to challenge the growing might of the Canadian-American air attack.

Six Zeros met the incoming bombers on that last day. But as they drew within firing range, American fighters swooped down, knocked out five of the Japanese and drove the other to frantic flight.

**Same Story Last Month**

It was the same story all during September starting from the time the Army established its base on the Andreanof islands only 290 miles from Kiska and thus made it possible for the shorter ranged fighter planes to accompany and protect the bombers on their missions to the west.

By the month's end, the allies had established a phenomenal 22 to 1 ratio of Japanese plane losses to their own.

In the last days of their air defense, the Japanese resorted to desperate bluff. A favorite trick was for an enemy pilot to simulate a deliberate collision with an attacking bomber, hoping that, to avoid the crash, the bomber could be made to veer from its course.

The Americans soon grew wise to this strategy and refused to swerve from their bombing runs, forcing the Japanese instead to turn aside and expose themselves to heavy machinegun or cannon fire.

Lieutenant Governor Speaks to Firemen

Jacksonville, Ill., Oct. 14—(AP)—Lieut. Gov. Hugh W. Cross said today that experience of the Illinois state council of defense "proves that we may have differences of opinion as to political problems and at the same time maintain perfect unity of action in the supreme objective for which we are all so earnestly struggling."

In a speech prepared for delivery at the annual convention of the Illinois Firemen's Association, Cross said, "we are all in this war up to our necks and therefore it ill behooves any of us to question the ability, loyalty and usefulness of others merely because of differences of opinion as to social and political problems.

Cross, who is secretary of the state defense council, said that Illinois leads the nation in production of war equipment, scrap salvage, victory gardens and sale of war bonds.

The Weather

**WEDNESDAY, OCT. 14, 1942**

Illinois: Occasional light rain east and north portions this afternoon. Not much change in temperature.

**LOCAL WEATHER**

For the 24 hours ending at 6:00 p. m. (Central War Time) Tuesday—maximum temperature 72, minimum 43; clear.

Thursday—sun rises at 7:10; sets at 6:21.

United States Sea, Air Might Wrecks Ships, Equipment

Total of 123 Japanese Vessels Damaged or Sunk Since Dec. 7

Washington, Oct. 14—(AP)—The Navy announced today that United States submarines in the western Pacific had sunk a Japanese heavy cruiser and four other vessels, probably sunk another, and damaged two.

This report of successful undersea attacks on eight enemy vessels in recent operations raised the announced United States submarine toll of Japanese naval and merchant shipping to 79 vessels sunk, 20 possibly sunk and 24 damaged—a total of 123.

Navy Communique No. 151 said:

"Far East

"1. United States submarines have reported the following results in operations against the enemy in Far Eastern waters:

"(a) One heavy cruiser sunk.

"(b) One medium sized cargo ship sunk.

"(c) One small cargo ship sunk.

"(d) One small tanker sunk.

"(e) One large tanker damaged.

"(f) One medium sized cargo ship damaged and probably sunk.

"(g) One medium sized tanker damaged.

"(h) One small trawler sunk.

"These actions have not been announced in any previous Navy department communique."

**EARLIER SUMMARY**

Washington, Oct. 14—(AP)—Growing prowess of American sea and air power today had given the Japanese a six-day pummeling that wrecked enemy ships, planes and equipment throughout the whole Pacific battle zone from the Aleutians to the Solomons.

Communiques from the three active war fronts presented this picture of United States and allied fighting successes:

**Solomon Islands—**A heavy cruiser, four destroyers and a transport sunk; another destroyer probably sunk; three cruisers torpedoed and bombed, one severely; eight bombers, four fighter planes and three seaplanes destroyed.

**Aleutian Islands—**Japanese ships, camps and hangars at Kiska, the invader's lone remaining

\$7,000 in Rewards for Touhy's Gang

Chicago, Oct. 14—(AP)—Police today were following leads both in Chicago and downstate in their thus-far fruitless search for Roger Touhy and six of his convict pals who escaped from the Stateville penitentiary Friday.

Downstate, police were investigating a report from Paul Jones, Quincy, that he had been held up by two men answering the description of the fugitive leader of the "Terrible Touhy Gang" and one of his henchmen, William Stewart.

Jones identified pictures of Touhy and Stewart at police headquarters. He said the two men alighted from a black sedan bearing Iowa license plates, menaced him with a gun, and demanded money.

Chicago police, although declining to give the name, said one of the convicts had been sighted here, and Capt. Daniel Gilbert said his movements were being traced.

Earlier, Gov. Dwight Green posted \$7,000 in rewards for information leading to the capture of the escaped men.

Inquiry

Montreal, Oct. 14—(AP)—Corporal Bernie Abrahamson of the Royal Regiment of Toronto, who has returned from Britain, tells of an air raid warden trying to hustle an English woman out of her home into a shelter during a bombing.

"Wait till I find me teeth," the woman said.

"What do you think they're dropping lady, sandwiches?"

Alton Cartridge Makers Heed WLB's Order to End Their Strike at Once

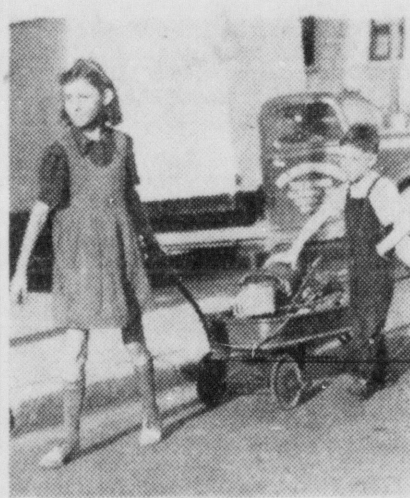

Alton, Ill., Oct. 14—(AP)—Striking AFL molders and brass workers returned to work at the Western Cartridge Company plant today, ending a four-day walkout that paralyzed vital munitions production.

The strikers, with only a scattering of noes, approved the return to work at a mass meeting called last night under a directive from the War Labor Board to both the company and union that work be resumed immediately.

The board promised the strikers it would send a special representative to Alton to assist in settling the union's grievances—the first time the board ever had taken such action.

Monday night President William Green of the AFL sent a sharply worded back-to-work plea.

Patriots

Donna Mae Meyers, 100 Crawford avenue, and Richard Broman, 90 Crawford avenue, snapped by a Telegraph staff photographer, as they were doing their part in the Lee county school children's "Scrap for Victory" campaign. All over the county the youngsters are enthusiastic in their desire to do their bit for their country.

Report Knowledge of Irwin Kadens' Recent Movements

Chicago, Oct. 14—(AP)—For the first time in nearly a week, Chicago police detectives said today they had reports on the recent movements of Irwin Kadens, Army deserter who is wanted here and in Detroit on a dozen charges and for whom police and federal authorities have been searching for several weeks.

Detective bureau officers said that Kankakee, Ill., police had advised them they had learned that a man answering Kadens' description had stayed at a Kankakee hotel for more than three days, leaving yesterday noon.

Earlier, state police at Pontiac, Ill., reported finding an abandoned automobile which they believed Kadens had used in fleeing from Chicago last week. The car was one taken at gun point on Sept. 28 from Frank Houska of Chicago, who had identified a picture of Kadens as that of the gunman.

**Hold "Dangerous"**

State police said two sets of license plates were on the car, one owned by Houska. The second set, which had been reported stolen, was issued to Earl Thompson of Chicago. Officers said they found a third set of license plates, issued to H. Gleason of Sycamore, Ill., inside the car. They also found a pistol and men's clothes in the car.

Kadens, described by police as "dangerous" and ready to "shoot to kill" is wanted here and in Detroit on charges of rape, kidnapping.

(Continued on Page 2)

Motorists Must Pay For Tire Inspection

Washington, Oct. 14—(AP)—Motorists must pay the cost of periodic tire inspections in connection with nationwide gasoline rationing beginning November 22, the Office of Price Administration announced today.

While details of the periodic inspection have not been completed, OPA said the motorist must pay a "nominal fee" for each inspection.

A large number of garages and filling stations will be designated by OPA to make the inspections. They will receive the entire fee paid by the motorist.

Is First Witness

Stimson was the first witness in the committee's hearing on legislation to lower the draft age in accordance with President Roosevelt's request broadcast to the nation Monday night.

He pointed out that the original draft law had contained provision for drafting men of 18 and 19 years but congress deemed it "prudent" then to postpone the induction of younger men.

All major wars in which the United States has engaged in the past, he explained, were "largely carried through by men under 20, from 18 to 20."

"It is a contingency which we have faced based upon experience, that the country will have to rely on men of those years," he continued.

The secretary said medical records disclosed that the 18-19 group had a much higher percentage of men fit for military service than later age groups, and "it is also patent" that their induction would be less likely to disrupt industry, agriculture and normal domestic life.

**"Army Getting Too Old"**

He warned that "our Army is getting too old. There are men coming from the induction centers who are too old for front line fighting."

Stimson told the committee that a study of one Army group dis

Army of Seven and Half Million in '43 Plan of Department

Army Officers Plea for Induction of Youths 18 and 19 Today

Washington, Oct. 14—(AP)—Secretary of War Stimson, arguing for the draft of 18 and 19 year olds, estimated today that the Army now had 4,250,000 men and next year would swell to 7,500,000.

He gave this breakdown of 1943's Army needs to the house military committee:

Air forces, 2,200,000.

Organized ground units, 3,300,000.

Services of supply and related duties, 2,000,000.

General George C. Marshall, Army Chief of Staff, testified that because the selective service system does not reach men younger than 20, the average age of the combat Army "has risen to a point not at all acceptable to the War Department."

Marshall said he was investigating the possibility of releasing older draftees from the Army, after the drafting of the younger men. Asked by Chairman Reynolds (D-N.C.) whether it was the Army's intention to discharge "the physically unfit and return them to civilian life," Marshall said that it was, adding that "they are a burden to us." He said he was unable to estimate the number who would be discharged, but the Army was "working on that now."

Asked by Senator Hill (D-Ala.) whether passage of the 18-19-year-old bill would "take the strain off the older men with dependents," the general said he thought so.

"I am looking into it to see what we can do about getting them back home," he said, "not only about getting them back, but how quickly we can get them back."

**Need Vigorous Men**

Modern fighting demanded vigorous, aggressive soldiers who can "keep it up," General Marshall testified.

Secretary Stimson opposed a provision of the bill introduced by Chairman May (D-Ky.) requiring that men induced from the 18 and 19 year groups be given 12 months of training before being sent into combat.

While the Army program normally calls for at least a year of training, he explained, "unexpected emergencies" might require a shortening of this period.

Stimson said he had no objection to granting deferment to high school students called up for the draft during their academic year, provided the deferment did not extend beyond the end of the school year. He added he did not believe the blanket deferment should be given to all college students.

The secretary told the committee the United States wants to have in 1943 "the largest air force with sustaining units x x x which production and transportation will permit."

His figure of 2,200,000 in the air forces he described as "a conservative estimate," adding that any changes will be upward.

The Army, he said, is training and will continue to train as many ground units as can be sent overseas.

Stimson estimated that the ground forces needs for 1943, including those now abroad and in training at home to go over seas, at 3,300,000.

**Is First Witness**

Stimson was the first witness in the committee's hearing on legislation to lower the draft age in accordance with President Roosevelt's request broadcast to the nation Monday night.

He pointed out that the original draft law had contained provision for drafting men of 18 and 19 years but congress deemed it "prudent" then to postpone the induction of younger men.

All major wars in which the United States has engaged in the past, he explained, were "largely carried through by men under 20, from 18 to 20."

"It is a contingency which we have faced based upon experience, that the country will have to rely on men of those years," he continued.

### Personals

Mr. and Mrs. Morton Dockery entertained for supper Sunday evening, Mr. and Mrs. Will Black and daughter, Miss Marie, and Mr. and Mrs. Will Crawford.

Miss Maxine Kelley left Sunday for Minneapolis, Minn. where she will visit in the home of her father, Harold Kelley.

Second Lieut. Roy P. Johnson of Vincennes, Ind. spent the week end in the home of his mother, Mrs. Seeka Johnson.

Attorney and Mrs. Winslow Painter and two children of Streator were Sunday guests in the home of his aunt, Mrs. Howard Miller and family.

Mrs. Scott W. Smith has gone to Tacoma, Wash. to join her husband, Staff Sergeant Scott Smith at Fort Lewis.

Mr. and Mrs. Carl Sunday and family entertained for dinner Sunday, Mr. and Mrs. Ed Edwards, Mr. and Mrs. Lloyd Blum and sons.

Mrs. Herbert Ling of Dixon was a Sunday evening supper guest of her sister-in-law, Miss Esther Ling.

Mrs. Myron Allen of Davenport, Iowa was a guest from Friday until Sunday in the home of Mr. and Mrs. Wilbur Breunier.

Mrs. Carrie Wallingford of Maywood spent Monday with her cousin, Mrs. Rose Lookingland.

Fred C. Gross was home over the week end from Lewiston.

### New Year Book

The Missionary and Aid societies of the Presbyterian church have given out their Year Book for 1942-43.

The officers for the Missionary society are:

President—Mrs. Louis Meyer  
Vice president—Miss Lucy Gilbert

Secretary-treasurer—Mrs. H. Dierdorff

Secretary-Treasurer of Woman's Board—Mrs. Holley

The officers for the Aid society are:

President—Mrs. W. L. Reigle  
Vice president—Mrs. Mabel Henry

Secretary—Mrs. William Crawford

Treasurer—Mrs. Morton Dockery

Visiting committee—Miss Lucy Gilbert, Mrs. Rebecca Colwell and Mrs. J. Dysart

Needlework committee—Mrs. H. Dierdorff, quilts; Mrs. Pitzer, Mrs. Chester Dierdorff, aprons;

Mrs. Rose Senger and Mrs. J. Gilbert, embroidery; Mrs. Morton Dockery, fancy articles.

The oyster supper and bazaar will be Saturday November 7.

### Birthday Honored

Mr. and Mrs. Henry Dierdorff, Mr. and Mrs. William Crawford, Mrs. Virgie Crawford, Mrs. Will Lott, Mr. and Mrs. Lester Lott,

Rev. and Mrs. Carl Montanus, Mr. and Mrs. Maurice Cluts, Mr. and Mrs. Frank Senger, Mrs. Bessie Schafer and son John Adam of this place; Mrs. Milton Persels of Cumberland, Iowa; Mrs. Bess Smith of Dixon and Miss Lucy Krehl of Chicago, gathered at the home of Mrs. Rose Senger and assisted her in celebrating her birthday anniversary. They brought with them lovely refreshments and a beautiful birthday cake.

### Supper Guests

Mr. and Mrs. Lloyd Group entertained for supper Saturday night, Mrs. George Blocher of this place, Mr. and Mrs. Kenneth Hood of Woodstock, and Mrs. Milton Persels of Cumberland, Iowa.

### New Address

Pvt. John W. Bellezza, Co. B. 8th Bn. 2nd Regt. Fort McClellan, Alabama, A letter with that address will reach John and there should be many sent from this community to him.

### Scramble Dinner

A scramble dinner was enjoyed Sunday in the home of Mr. and Mrs. Claire Colwell by Mr. and Mrs. Clarence Miller and son Clifford, Mr. and Mrs. George Miller and daughter Miss Vivian, Mrs. Rebecca Colwell, Mrs. Eva Miller and daughter Miss Eunice, Misses Eunice and Lucy Gilbert, Mr. and Mrs. Will Crawford and his mother, Mrs. A. W. Crawford and Mrs. Virgie Crawford.

### Hausen Community Club

The Hausen Community club met Friday night at the school house. About thirty were present. The program committee composed of Mrs. Kathryn Cover, Mrs. Maude Hussey and Mr. Satterfield prepared a splendid program consisting of readings, recitations, singing and accordion music. At the close of the program lovely refreshments were served by Mrs. Mary Spangler and Miss Eunice Miller.

### Sunday Dinner

Mrs. Rose Senger entertained for dinner Sunday Mr. and Mrs. Frank Group of this place, Mr. and Mrs. Seth Reymeyer of Lena, Ill.; Mrs. Milton Persels of Cumberland, Iowa; Miss Lucy Krehl of Chicago; Mrs. Bess Smith and Miss Floss Kreitzer of Dixon.

### Priscilla Club

The Priscilla club met Friday afternoon with Mrs. Helen Colwell. The afternoon was spent in social visiting and sewing. Invited guests were Mrs. Rebecca Colwell, Misses Eunice and Lucy Gilbert. At the close of the afternoon lovely refreshments were enjoyed.

### Supper Guests

Mr. and Mrs. George Miller and daughter, Miss Vivian entertained for supper Saturday night, Mr. and Mrs. Will Black and daughter, Miss Marie, Mrs. Eva Miller and daughter, Miss Eunice, Mr. and Mrs. Clarence Miller and son Clifford.

### Scramble Dinner

A scramble dinner was enjoyed Sunday in the home of Mr. and

Mrs. Wesley Krug at Ashton by Mr. and Mrs. Will Lott and daughter, Miss Fern, Mr. and Mrs. Lester Lott, Mrs. Bessie Schafer and son, John Adam, Mr. and Mrs. Roy Miller, Elmer Miller of this community; Mr. and Mrs. Glenn Krug and family of Chicago; Misses Mila Wohnke and Helen Winger of Dixon; Mrs. Lillian Eckhart and John Eckhart of Ashton.

### Attended Rally

Mrs. Elsie Willard, Mrs. Anna Mae Buck, Mrs. Alma Fair, Mrs. Bernice Group, Mrs. Mary Martin, Mrs. Ruth Hussey, Mrs. Mary Wolf, Mrs. Sarah Hood, Mrs. Anna S. Buck, Mrs. Bessie Blocher attended the district rally of woman's work of the Church of the Brethren held in Sterling Friday.

### Dinner Guests

Mr. and Mrs. Howard Miller and family entertained with a six o'clock dinner Saturday night Mr. and Mrs. William Henert, Mr. and Mrs. Henry Wendell, Mr. and Mrs. Elmer Fulton of Ashton and Mr. and Mrs. George King and daughter Donna of Lee Center.

### Entertained Card Club

Mrs. Mary Miller entertained the members of her card club at her home Friday night. Those present were Mrs. Marie Kint of Ashton; Mrs. Isabelle Canfield of Dixon; Mrs. Pansy Biesecker, Mrs. Dorothy Hatch, Mrs. Carrie Mong, Mrs. Pearl Canode, Misses Esther Ling and Adeline Smith. At bridge Mrs. Hatch won honor. At the close of cards lovely refreshments were served.

### Sunday Dinner

Mr. and Mrs. Jay Miller and son Gerald entertained for dinner Sunday, Mr. and Mrs. Lloyd Group, Mr. and Mrs. LeRoy Miller and daughters, Audrey and Jeanette, Mr. and Mrs. Howard Byer, Mrs. Kathryn Cover. The dinner honored the birthday anniversary of Mrs. LeRoy Miller.

### Promoted to Corporal

Gerald E. Emmert, son of Mr. and Mrs. Wilbur Emmert, who is stationed at Camp Swift, Texas, left for induction July 3. He was promoted to private first class, Sept. 3 and on October 3 was again promoted to rank of corporal. He is a member of headquarters, 95th infantry division (adjutant general's section) APO 95, Camp Swift, Texas. Gerald has many friends here having graduated from the local high school.

### In Hospital

Mrs. Dessa Hartwell, daughter of Mrs. Alice Morris of this place, is receiving treatment in the Good Samaritan hospital in Lexington, Ky., for injuries sustained in an

It may be a sign of bowel worms! And these roundworms can cause real trouble! Other warnings are: uneasy stomach, nervousness, itching parts. If you even suspect roundworms, get Jayne's Vermifuge today! JAYNE'S is America's leading proprietary worm medicine, used by millions for over a century. Acts gently, yet drives out roundworms. Demand JAYNE'S VERMIFUGE.

automobile accident. She suffered a jaw fracture and a knee injury.

### Sunday Supper Guests

Mr. and Mrs. Charles Pyle entertained for supper Sunday evening Mr. and Mrs. Chester Dierdorff and family of this place, Miss Marion Fyle who is employed in the Dixon hospital.

### Aid Meeting

The Lutheran Ladies' Aid Society met at the home of Mrs. Herman Schafer on Thursday afternoon. The meeting opened with the singing of a hymn, scripture reading and prayer. Rev. Henke led the discussion of the Missionary topic for the day, entitled, "Reaching the Unreached."

During the business meeting it was decided to purchase a book to start a library for the society. Mr. and Mrs. Harry Gleim plan to take the canned fruit and donations from seven local churches to the Lutheran Homes at Muscatine, Iowa. Mrs. Helen Schafer was elected a delegate to the Women's Missionary Federation convention at the Morrison Hotel in Chicago on Oct. 27-30. The thank-offering collection amounted to \$30.58. Mrs. William Schafer invited the society to her home in Dixon for the November meeting. The hostess served delicious refreshments at the conclusion of the afternoon.

### Packed Fruit

On Friday afternoon, the ladies of the Lutheran church met at the church to pack 237 quarts of canned fruit in addition to eight bushels of fresh vegetables, school supplies and clothing, for the Lutheran Homes at Muscatine, Iowa.

### Lutheran Church

Divine worship 9:15.  
Sunday school 10:00.

### Presbyterian Church

Rev. H. Carl Montanus.  
Sunday school, 100. Louis Meyer, superintendent; John Schaffer, assistant superintendent.

### Homecoming Sunday

This is the Sunday we have been waiting for, and we are go-

ing to make it a day to be remembered. Our goal is to fill the church and to have a response from every family at the roll call of church families. The names of our boys in service will be called and some members of their family is to be present to answer for them and tell where they are located. A memorial service for members who died during the past year will also be a part of the day. Special musical numbers will be given and the pastor will preach a sermon entitled "It's the Old-Time Religion." Remember, no stay-at-homes next Sunday because it's homecoming time.

The Woman's Missionary Society meeting announced for the 15th has been set over until Thursday, October 22. At that time Mrs. Kemp will be present and will speak.

Another part of our homecoming celebration will be a church fellowship supper on Monday evening, Oct. 19 at 6:30. Mr. and Mrs. Frank Senger head a committee composed of the trustees and their wives in charge of arrangements. In a program following the supper a skit entitled "Wide as the Heart Is Wide" will be presented. The Montanus family will present several numbers and other features of entertainment will be in order. All members and friends of the church are invited.

On Wednesday, October 21, the Tuxis Society will meet at the church at 7:45 with Miss Marion Mattern leading in a discussion of the third chapter of the Gospel of John. Games and refreshments will follow the meeting. Remember the big contest, so be on time and read the chapter before coming, and bring a visitor.

The date of the oyster supper is Saturday, Nov. 7.

### Community Annual Calendar

Franklin Grove, Illinois, 1942-43

### October

15—County Teachers' meeting.  
16—Divisional Teachers' meeting.

29—Junior All-School party.  
30—Hallowe'en party—Methodist church.

November  
2—Woman's club.  
3—Election day.  
6—High School Conference (Champaign.)  
7—Oyster supper (Presbyterian.)  
11—Armistice Day.  
13—Senior Class play.  
17—Basketball, Ashton, there.  
20—End second six weeks (school.)  
25—Annual church supper (Brethren.)  
26 and 27—Thanksgiving vacation.  
26—Union services, 10:30 a. m. (Presbyterian.)  
26—All-Church social (Methodist.)  
27—Amboy, basketball, here.

### December

4—Basketball, open.  
4, 5, 6—Bible Institute. (Brethren.)  
7—Woman's club.  
9—Scrambled dinner (Brethren.)  
9, 10, 11—G. R. V. C. basketball tournament at Franklin Grove.  
11, 12, 13—Bible Institute (Brethren.)  
18—Basketball, Steward, there.  
20—Christmas program (Brethren.)  
23—Lee Center, basketball, here.  
24—Christmas services (Methodist and Presbyterian.)  
24 to Jan. 4—Christmas vacation.  
31—Watch - night services (Methodist.)

### January

4—School reopens.  
4—Woman's club.  
8—Basketball, open.  
9—Market Day (Presbyterian.)  
14 and 15—Semester exams.  
15—End first semester.  
15—Basketball, Lee, there.  
18—Father and Son banquet (tentative.)  
22—Steward, basketball, here.  
23—Market Day (Methodist.)  
26—Basketball, Amboy, there.

### February

1—Woman's club.  
5—Basketball, Lee Center, there.  
10—Birthday supper (Brethren.)

12—Lincoln's birthday.  
12—Basketball, Ashton, there.  
19—Basketball, Lee, here.  
20—Market day (Presbyterian.)  
26—End fourth six weeks.

### April

3—Spring supper (Presbyterian.)  
5—Woman's club.  
7—Lenten services.  
9—End fifth six weeks.  
14—Lenten services.  
16—Junior Class play.  
19, 20, 21—Holy Week services (Brethren.)  
23—Good Friday.  
23—Union services (Methodist.)  
27—Mother and Daughter banquet (tentative.)

### May

3—Woman's club.  
7—Junior-Senior prom.  
21, 22—Final exams.  
23—Baccalaureate services.  
24—Commencement.  
25—All School picnic.  
30—Decoration Day.

## POLO

Mrs. Eva Trump  
Phone 213X

If you do not receive your paper by 5:30, call Mrs. Trump.

Mr. and Mrs. George Isherwood of Rockford were guests in the Guy Puterbaugh home on Sunday. Mr. and Mrs. Henry Reynolds and Mr. and Mrs. Vincent Ling spent the week end in Chicago. John Bon is a medical patient at the Dixon hospital.

The ladies of the Methodist church are serving a chicken supper on Thursday, Oct. 15 from 5 to 7.

Junior Woman's Club  
Members of the Polo Junior Woman's club are holding their

first meeting of the new year this evening in the home of Mrs. L. W. Connell on West Mason street. A pot luck supper is being served at 6:30.

### Corinthian Chapter

Corinthian Chapter No. 412, Order of the Eastern Star, meets tonight at 8 o'clock in the chapter rooms, past officers night will be observed and past matrons and patrons of Corinthian chapter will fill the chairs. At the close of the meeting there will be a social hour and refreshments.

### Cronister—Stull

Mrs. Grace Stull and Hermie Cronister of Polo were united in marriage Saturday afternoon in marriage at the residence of Rev. B. D. Swamer, district superintendent of the Methodist church. They were attended by Mr. and Mrs. Milton Nicholas of Rockford. The bride was dressed in a street length navy blue crepe and Mrs. Nicholas wore brown crepe. Both wore shoulder corsages of rose buds and gardenia.

Following the ceremony a wedding dinner was served at a Rockford cafe to a few friends. They will reside in Polo.

—Attractive colored paper for the pantry shelves and bureau drawers—used by many Dixon women. Comes in pink, green, canary, blue and white. In rolls, 10c to 50c.—B. F. Shaw Printing Company.

—There is a world of scrap iron to be had from our farmers. Much old and discarded machinery that any farmer should be pleased to get rid of.

## Famous to relieve MONTHLY FEMALE PAIN

You who suffer such pain with tired, nervous feelings, distress of "irregularities"—due to functional monthly disturbances—should try Lydia E. Pinkham's Tablets (with added iron). They have a soothing effect on one of woman's most important organs. Also, their iron helps build up red blood. Follow label directions! LYDIA E. PINKHAM'S TABLETS (with added iron)

All America Knows  
Budweiser...  
but Few Know This

## Starch Helps Make Munitions, Batteries..

Everyone knows that corn starch is used in pies, puddings, cakes and other good things to eat. In addition to various household uses, it is necessary, too, for making batteries, cosmetics, paper and textiles, to name a few. Where does Anheuser-Busch fit in this picture? We learned a lot about cereals from constant analysis of barley for Budweiser. With that knowledge we started a Corn Products Division, which now supplies millions of pounds of starches each year to food and other industries.

Year after year, we have striven with research and resources to better the methods and facilities for brewing Budweiser. To do this, a laboratory specializing in fermentation and nutrition was necessary. Discoveries made in the laboratory and in the plant have led to the development of products contributing to human necessity and progress. Some of these products would appear to have only a remote relationship to brewing, yet, they are the result of scientific research into many allied fields.

## Endless research in making the world's leading beer has led to other products

**VITAMINS, B COMPLEX**—Our plant is one of the world's largest sources for manufacturers of pharmaceutical and food products.

**VITAMIN D**—Anheuser-Busch produces enough of the basic material for Vitamin D to supply the entire American market.

**BAKER'S YEAST**—We are one of America's biggest suppliers of standard and enriched yeasts and malt syrup used to make bread.

**CORN SYRUP**—many millions of pounds annually for America's candy industry.

**SYRUPS**—for food, table and confectionery uses and special syrups for medicinal purposes.

**VITAMINS FOR LIVESTOCK**—We are America's biggest supplier of yeast vitamins used to fortify animal feeds.

**REFRIGERATING EQUIPMENT**—for retailers of frozen foods and ice cream the country over. This division is now working all-out on glider wing and fuselage assemblies for our Armed Forces.

**DIESEL ENGINES**—Adolphus Busch, founder of Anheuser-Busch, acquired the first rights to manufacture this revolutionary engine in America and thus started our great Diesel industry on its way.

## A Thought for Today

The Lord is my rock, and my fortress,  
and my deliverer.—Samuel 22:2.

What fates impose, that men must needs  
abide;  
It boasts not to resist both wind and tide.  
—Shakespeare.

## Men Not at Work

The manpower supply is so low that, probably right after election, an industrial draft will be established in the United States which will deprive both men and women of the privilege of working if, when, where and how they individually may please.

The industrial draft is coming because we do not have enough men to do the fighting, manufacture the armament and munitions of war, raise the food, and keep essential services going.

Yet in the single city of New York there are supposed to be almost half a million men and women who want work they cannot find. And in California a scandal is brewing because large war plants are hoarding men whose services they cannot use, as insurance against the coming day when those men will be needed.

Aside from the shortage of skilled workers, which is a different problem involving training and upgrading, the manpower crisis is a direct result of maldistribution.

We do not have as many men as we shall need eventually, even if all our manpower were utilized with 100 per cent efficiency. But we do have enough men and women, able and willing to do war work, to meet our industrial needs up to the present, if they were properly located and assigned.

The maldistribution arises because, obviously, it has not been possible to place war orders exactly where there was labor ready and waiting for employment.

It persists because it is not easy to move workers and their families about the country, as one might an oversupply of potatoes or of anthracite coal, taking from surpluses to supply deficiencies.

It is not easy to do this—but it is possible. And exactly that sort of juggling is what the industrial draft must accomplish.

California industrialists hoard labor because their turnover is high. Once the industrial draft freezes their workmen in place, and guarantees to care for future needs, they will gladly release the men they now are hoarding.

Hundreds of thousands are out of work in New York because they hate to move away; they hope that somehow jobs will be made for them at home; they can't see going into Arizona mines at 85 cents an hour when—who knows?—they might have opportunity to work in a shipyard at 15 or 20 cents an hour more.

The industrial draft will resolve their doubts, by telling them, flatly and finally: "Report at 7

o'clock a week from today at the Blank and Smith plant. They're expecting you."

## About Communism

Apparently Communism in the United States is one topic on which it is forbidden to write frankly. In addition to the retorts which obviously come from "American" Reds themselves, any honest attempt to discuss Stalinist activity in this country brings protest from those who, honestly if mistakenly, consider such discussion subversive.

The thesis of these protestants is simple: Russia is our ally against Hitler. Russia's heroic resistance is giving us a chance to beat Hitler. Therefore Russia is ally white. Therefore American Communists should not be criticized.

To this thesis we take extreme exception. We can understand how the argument may appeal to those who have not studied Communist methodology—who naively measure the Red danger by the Communist Party membership and vote. But we can't go along with the idea.

Russia is our ally. The Russian armies are doing a marvelous job against the nazis at a cost to themselves that we can only guess.

As a result of the Red's sacrifice, the United States and Great Britain are enabled to prepare for the even greater task that yet remains, the aggressive blow which shall defeat the axis.

But let us not deceive ourselves. Russia is not fighting for us, for Great Britain, for democracy. Russia is fighting for Russia. It happens, fortunately for us, that Russia's self-interest at this moment coincides with our self-interest. Therefore Russia is co-operating with us militarily, and we are co-operating with Russia.

The Russians are realists. They hate democracy. They see no reason for accepting democracy merely because Communism and democracy temporarily are allies against Germany. They are not permitting Americans, or pro-American democrats financed and directed from Washington, to agitate in Russia—to try to induce the Russian populace to put pressure on Josef Stalin to change his military policies.

Anybody who tried to do those things in Russia would disappear and never be seen again.

We should be as realistic as the Reds, if not as harsh. We shall not liquidate the Communist who represents Stalin's desires as against American welfare, of course, but we can ignore his vociferations and be continually on guard lest he mislead us.

This, obviously, has nothing to do with military co-operation with Stalin and the Soviet as long as they fight the axis.

No, we haven't said anything against Fascism here. Why should we? Every American hates Fascism, Nazism, Nipponism, and is fighting them to the limit.

It is Communism, making political hay while Russia is our ally, that we have to watch as intelligently and realistically as Communism guards against any infiltration of democracy into Russia.

## We Need Scrap

In a single week, shortage of scrap prevented the making of enough steel for three cruisers, or sixty destroyers, or more than 21,000 medium tanks.

Suppose you don't believe all available scrap is being utilized to the best advantage. Are you going to hold back and sulk? Or are you going to dig in and help provide so much scrap that there can't possibly be any future shortage?

Our scrappers need scrap!

# NEWS BEHIND THE NEWS

By PAUL MALLON

(Distributed by King Features Syndicate, Inc., reproduction in whole or part strictly prohibited.)

Washington, Oct. 14.—Hot-and-cold-blowing patriots have been buying government bonds in public, then sneaking to the post offices and banks to redeem them for cash.

The number of these chameleon heroes is growing, not much, but too much. The last treasury figures show \$25,000,000 of war bonds were redeemed in July, \$32,000,000 in August, and \$34,000,000 in September, for a total of \$91,000,000 redeemed of all bonds sold since May.

How many stamp chiselers have tip-toed in for redemption, nobody knows. The amount involved in dollars cannot be large, yet it seems most incredible that any American, at a time like this, would cash in either his bond or his stamp, unless he faced a personal crisis just as serious as the national crisis which caused him to invest in Victory.

Not much is said publicly about these people. From the purely financial standpoint, the treasury is not alarmed, inasmuch as the September redemptions amounted to only .027 percent of the bonds sold that month.

But everyone knows it costs the treasury money to sell bonds (administration, advertising, etc.) and every bond or stamp redeemed must be sold over again at added expense.

**THERE ARE FIVE MORE EFFECTIVE WAYS YOU CAN AID THE ENEMIES OF THIS COUNTRY THAN BY BRAVELY PRETENDING TO BUY WHAT YOU DO NOT PROPOSE TO HOLD AND DEFEND.**

The government is not fooling now in its promise to provide tires for all, to keep this motorized nation going on wheels. The promise of Mr. Jeffers can and will be fulfilled.

The government already has practically doubled the recapped tire quotas for public disposition this month of October, from 425,000 to 925,000.

As tires wear out, B, C and S card-holders will go before an inspector every 60 days (A card holders every four months) and from them may secure certifications with which to appeal to the rationing boards for reclaimed rubber tires. No one here suggests the program will not work.

Two months ago rubber was the hottest subject. Today, it is the coldest.

The only thing that has happened in the meantime has been a straight-forward, common-sense investigation of the problem and the appointment of an experienced (but not in rubber) businessman with an affirmative reputation to work out an affirmative policy—all that anyone, including this column, ever asked.

The only new part of the program is the proposal to develop 20,000,000 Victory tires from reclaimed rubber, and even this proposal was being worked up in the government mill before Jeffers took over.

It might have been instituted anyway. So what Jeffers has contributed actually is a change of government policy from repression to affirmative help.

The old chant that the automobiles of the nation would be in the ditch, or everyone would have to walk by such and such a date, has been replaced in a few weeks with a valid and workable solution.

The alteration is a really great achievement of government, and an excellent example of what can be done, by selecting government directors who say they can do things, in place of those here who have favored a "can't chant" from the beginning.

Some editors and readers have written me asking about the lack of comment in this column on the censorship dispute of the press with the White House, and requesting my personal views.

It seems to me the discussion went astray somehow. The debated questions have been whether the president's life was really endangered, whether news of the trip should have been kept from the people so long, and such technical matters.

The president should have the right of war-time censorship, if he thinks his safety is involved, whether or not anyone else believes it was. But he should take the responsibility of this censorship entirely from the press.

The way the White House handled the affair may leave suspicions in the minds of some people that they are not getting all the news they are entitled to, through their press. In any similar future censorship, the government should go far enough in handling the matter to prevent any such suspicion from arising.

So also with the president's criticism of "certain publishers, columnists and radio commentators" for breaking down public morale. His blanket castigation tends to tear down public confidence in general.

If he had specified those whom he believed guilty, and what they

## Obituaries

CHARLES THOMAS KELLS  
(Contributed by Dr. F. L. Blewfield)

Charles Thomas Kells, son of Mr. and Mrs. James Reynolds Kells, was born in Pittsburgh, Penn., March 24th, 1895.

Following the death of his father, he came with his mother and brother to Illinois and settled on a farm in Woosung in 1908, where he made his home until the time of his marriage.

On May 24th, 1918, Mr. Kells was inducted into the armed forces of his country and served with the American Expeditionary Forces from September 9th, 1918 to May 22nd, 1919. He was honorably discharged from the service of his country on June 1st, 1919.

On September 22nd, 1920, he was united in marriage to Miss Dorothy Hirsleman. To this union were born two daughters, Lucille and Lois Jean.

Since his marriage Mr. Kells and his family made their home in and near Dixon. During the last twelve years he had lived on his farm in Palmyra township.

On account of disabilities resulting from his war service, Mr. Kells had been in failing health for some time, especially during the last three years. For six months he was a patient at the U. S. Veteran's Hospital at Hinds, Illinois where everything that medical science could do was generously done for him. Mr. Kells was a great sufferer, especially during the last two years, but was cheerful and courageous to the end. He passed away at his home at 11:30 p. m. Wednesday, September 30th, 1942, at the age of 47 years, six months and six days.

He leaves to mourn his loss his wife, two daughters, Lucille and Lois Jean, his parents, Mr. and Mrs. Thomas Edwards of Rockford, Illinois, and one brother, James L. Kells of Detroit, Michigan. Mr. Kells also had a host of neighbors, friends and American Legion buddies who will greatly miss him. However, knowing as we do his excellent character, his cheerful spirit and his humble faith, we look up and address him in the words of the poet:

"Thy day has come, not gone;  
Thy sun has risen, not set;  
Thy life is now beyond  
The reach of death or change,  
Not ended—but begun,  
O, noble soul! O, gentle heart!  
Hail, and farewell!"

Funeral rites were held at the Preston funeral home at 2:30 p. m., Saturday, October 3rd, 1942, in charge of his pastor, Dr. Floyd L. Blewfield of the First Methodist church of Dixon. Burial was in the Prairieville cemetery with the Knights Templars and American Legion assisting.

## Suburban—BABY POISEL

(Contributed)

Linda Claire, daughter of Mr. and Mrs. Orval Poisel was born Sept. 12, 1942, in Mendota, Ill. and passed away at the Harris hospital in that city Oct. 10, 1942, aged 28 days. She is survived by her parents and one brother Jimmy, aged 3. She also leaves her maternal grandparents, Mr. and Mrs. J. E. Leetch; her paternal grandparents, Mr. and Mrs. C. E. Poisel; her paternal great-grandparents, Mr. and Mrs. Bernard Wolf, all of Dixon; two aunts, Mrs. J. Otten of Ottawa and Mrs. M. Spangler of Dixon, and her only uncle, Sgt. J. Claire Leetch, who is with the U. S. Army in Palestine. Though her life on earth was short, she endeared herself to her family and friends by being just what she was, a sweet little bundle of joy. She was ill only a few hours before her death which was a shock to family and friends alike. Funeral services were held Monday in Mendota, where she was laid to rest.

God gave us a precious jewel.  
So tender and warm and bright,  
A precious rosebud of promise  
And it filled our hearts with delight.

So tenderly nurtured and cherished  
But scarcely a month did she stay  
God in his infinite wisdom  
Saw fit to call her away.

He took our sweet little treasure  
From our earthly garden of love  
Transplanted her with the angels  
In the beautiful mansion above.

## Births

(At Katherine Shaw Betha Hospital)

## Funerals

### Suburban—MARTHA HUSEMAN

The funeral of Miss Martha Louise Huseman, 75, of Rock Falls, who passed away at 7:00 o'clock Tuesday morning in the Saxon Home for the Aged, as a result of a stroke, will be held at 2:00 o'clock Thursday afternoon at the Wheelock funeral home in Rock Falls, with burial in the I. O. O. F. cemetery there.

Born in St. Louis, Mo., on Sept. 29, 1867, she moved to a farm near Walnut, Ill., with her parents when a child. She was the last surviving member of her family, three sisters and two brothers having preceded her in death.

Miss Huseman had resided at the Saxon home since March. Prior to that, she resided for five years at the home of her niece, Mrs. John Van Bergen, 9th avenue, Rock Falls.

She is survived by her niece and two nephews, Leonard and Walter Freeman, both of Sterling.

### WILLIAM SMITH

Polo, Oct. 14.—The funeral of William M. Smith, 69, whose death Tuesday morning at the Katherine Shaw Betha hospital in Dixon was announced in Tuesday's Telegraph, will be held at his late home on the A. W. Hamilton farm, two and a half miles northeast of Polo, at 1:30 o'clock Thursday afternoon and at the Polo Methodist church at 2:00. The Rev. T. A. Loeppert will officiate and burial will be in Pine Creek cemetery.

Mr. Smith was born in Hagerstown, Md. in 1875, the son of John W. and Amanda Smith, and was married March 7, 1938 to Laura Bellows in Clinton, Iowa.

Survivors include the widow; two stepdaughters, Mrs. Jacob Rademaker of Lanark and Miss Christina Bellows, at home; three stepsons, Edwin of Rock Falls, Leo, who is in the army and Robert Bellows, at home, and one brother, Clayton Smith, who lives on a farm east of Polo.

## Church News

### SOCIETY ELECTS OFFICERS

The Keystone League of Christian Endeavor elected officers at their meeting Monday evening at Bethel U. E. church. Miss Edna Hoffman was elected president; Winifred Weyant, vice president; Hollis Tabor, secretary; Betty Barton, assistant secretary; Jack Foster, treasurer; Mary Louis Williams, pianist and Robert Cramer, chorister. Leaman Forman, Dorothy Nelson and Donald Jeangue were not elected members of the social committee. The League meets every Sunday evening at 6:45 p. m. in Bethel church, and is open to all young people from 12 to 25. The League will sponsor a Halloween party for all the young people of the church on Thursday evening, Oct. 29, the place to be announced later. Mr. and Mrs. William Foster and the Rev. and Mrs. R. S. Wilson are the advisors for the group.

## Boy Scout News

Troop No. 85 which meets at Bethel U. E. church will have their meeting Thursday morning at 9 a. m. instead of Thursday evening. The troop is scheduled for a hike if the weather is suitable. Each boy is to wear heavy shoes, and take his own lunch either to cook, or eat cold. Any newboys who desire to participate must be able to pass the test on the twelve Scout laws and to have permission to go on this hike. The troop will receive its new charter at a special meeting on Thursday evening, Nov. 5. All boys desiring to receive their tenderfoot badges or other promotions at that time are urged to bring their tests by Oct. 22. The Rev. R. S. Wilson is scoutmaster of the troop.

## Illinois T. B. Assn. Seeking \$275,000.00

Peoria, Ill., Oct. 14.—(AP)—The Illinois Tuberculosis Association will try to raise \$275,000 this year by placing 121,000,000 Christmas Seals in the mail by Nov. 23.

The plan was approved at the association's convention yesterday.

—Nurses' Record Sheets for sale at the B. F. Shaw Printing Company.

## Deaths

### Suburban—

MRS. EMMA TAYLOR  
Byron, Oct. 14.—Mrs. Emma Taylor, 76, passed away at her home in Byron at 3:05 o'clock Tuesday afternoon. She was born in Mount Carroll Sept. 7, 1866, the daughter of Spencer and Ruby Ann Rogers Lawshe.

She was married to Sherman Taylor Feb. 2, 1887, by the Rev. J. S. Braddock, then pastor of Middle Creek church. She was a member of the Woman's Relief corps and the United church of Byron. She had lived near Byron for the past 55 years.

Survivors include four sons, James Spencer Taylor of Polo, Sherman Taylor, Jr., of Oregon, Clarence A. Taylor, at home, and Lawrence H. Taylor of Rockford; four daughters, Mrs. Blanche Healy of Linwood, Calif., Mrs. Isabel Walden of Stillman Valley, Mrs. May R. Bassett of Rockford and Mrs. Ethel A. Rood of Leaf River, and three brothers, George Lawshe of Jerome, Ida, Frank Lawshe of Connecticut and Charles Lawshe of Rockford. She was preceded in death by her husband, who died Aug. 4, 1936; a son, Reuben, who died in infancy, and a sister, Mrs. Carrie Blanchard, who died July 12, 1942.

### GEN. JOHN H. PARKER

Palo, Nev., Oct. 14.—(AP)—Brig. Gen. John Henry Parker, 76, who planned and organized the United States Army's first model machine gun detachment, died yesterday.

As a lieutenant only six years out of West Point he won first attention as an authority on machine guns, then known as Gatling guns, in the Spanish-American war.

In the battle of Santiago he used Gatling guns to fire over the heads of American troops to hold off Spanish reservists, a highly successful tactic which won for him the name of "Machine Gun" Parker. In 1903 he organized the first model machine gun detachment and for years was the Army's authority on this type of warfare.

He served in the World War as an aide to Gen. John J. Pershing. General Parker was born in Sedalia, Mo.

### MRS. SAM SPIELMAN

Mrs. Samuel Spielman of Rockford, daughter of John Leake of North Jefferson avenue and sister-in-law of Mr. and Mrs. Charles Spielman of East First street, passed away at the Swedish American hospital in Rockford this morning. Details and funeral arrangements were not learned by her Dixon relatives today and they will be announced later.

### MRS. GROVER CORDELL

Mrs. Grover Correll of Moline, formerly Miss Katherine McElroy of Dixon and a niece of John O'Malley of this city, passed away in Moline Tuesday. Funeral services will be held at St. Mary's Catholic church in Moline at 9:00 o'clock Thursday morning, with burial in St. Mary's cemetery there.

Mrs. Correll is survived by her husband; a son, Jack; two sisters, Mrs. Frank Casey and Miss Anna McElroy, both of Moline; and a brother, Raymond McElroy of Rock Island.

### RONALD RAY DOWNS

(Telegraph Special Service)  
Polo, Oct. 14.—Ronald Ray Downs, who was born Saturday at the Katherine Shaw Betha hospital in Dixon Saturday, and whose father reported to the United States Army induction center in Chicago Tuesday morning, died suddenly at the hospital Tuesday afternoon. No funeral arrangements had been made this morning, pending receipt of word from the baby's father. Ronald's parents are his only survivors.

### Church Societies

W. M. S.—Mrs. Clyde Lenox entertained the Missionary society of the Church of the Brethren at her home, 305 Lincoln Way, Tuesday evening. Her guests included 23 members and a visitor.

The opening hymn was followed by a business meeting conducted by Mrs. Lenox, the president. Reports were given of the district meeting held Oct. 9th in Sterling, and Mrs. Guy S. Davis, guest speaker, gave an interesting talk on "Missions." Mrs. Davis was formerly field secretary of the Board of Missions of the Presbyterian church.

A brief program followed, including a reading by Miss Darlene Bender, a piano solo by Miss Alice Sheller, and a game conducted by Miss Bernadine Moss. Refreshments were served by the hostess committee, including Mrs. George Eby, Mrs. Carl Plozman, Mrs. William Adams, and Mrs. Ephraim Gerdes.

## Negro Train Wrecker Sentenced to Prison

Memphis, Tenn., Oct. 14.—(AP)—Convicted of wrecking the Illinois Central Panama Limited last July 14, John Edward Payne, 32-year-old Negro, yesterday was sentenced to 20 years in prison and fined \$10,000 by Federal Judge Marion S. Boyd.

—We are filling many orders for stationery which is being sent to the boys in the service.—B. F. Shaw Printing Company.

## Lodges and Patriotic Orders

W. R. C.—Flowers in pumpkin holders and autumn leaves, together with a birthday cake triumphed with red, white and blue candles and white flowers decorated the party table for Monday's picnic luncheon of the Dixon Woman's Relief corps, No. 218, in the G. A. R. hall.

During the business meeting, Mrs. Mabel Beers, corps president, was escorted with the colors to her station, and was introduced as department senior aide, and was presented with a gift by Mrs. Neva Messenger in behalf of the staff of officers.

Several members spoke of distributing clothing to the underprivileged, and of sending magazines to Army camps. Mrs. Hattie Weisz, child welfare chairman, asked for contributions of infant's clothing.

One application was presented, and Mrs. Erma Wolsley was admitted to membership. Mrs. Esthel Walder announced the opening of the Red Cross rooms, and plans were made to hold an all-day meeting on Tuesday at the home of Mrs. Janna Ware, to sew for the organization. A picnic luncheon will be served at noon.

Several communications were read, including an invitation from Gen. John A. Logan Relief corps, No. 355 of Aurora, to a luncheon and reception, honoring Mrs. Elsie V. Anderson, department president, Thursday, Oct. 29 at the Y. W. C. A. building. Mrs. Anderson is a member of the Aurora corps.

A committee was appointed to arrange an exhibit for the doll show which Wa-Tan-Yans are announcing for next month, to raise funds for the Goodfellows. The 13th District convention will be in session in Rock Falls, Oct. 23.

At the close of the business session, memorial services were held for Mrs. Hazel Clevidence. A tribute was given by Mrs. Maude Hobbs.

Out of town guests included Mrs. Mary Baker, president of the Amboy corps, and Mrs. Maria Thompson of Amboy; Mrs. Estella O'Hare, president of the Sterling corps; Mrs. Lucile Hoffman, Mrs. Alberta Newcum, Mrs. Myrtle Keis, Mrs. Anna Jones, and Mrs. Pearl Sitter, also of Sterling.

W. R. Mothers — World War Mothers will meet in the G. A. R. hall at 2 p. m. Friday.

Rebekahs — Aurelia lodge of Amboy will entertain lodges of the district Friday evening at 8 o'clock.

Dorothy Chapter — Obituary services and grand chapter reports will feature Friday evening's meeting for Dorothy chapter, O. E. S., in Brinton Memorial Masonic temple. The chapter session is scheduled for 8 o'clock.

## Clubs

Lions Club—Sgt. Edgar Crozier, recruiting officer of the United States Army for the Rock river valley and surrounding area, was guest speaker at Tuesday's weekly luncheon meeting of the Dixon Lions club. "Recruiting Men" was the subject of his talk, in which he reviewed the process of selecting men who, when trained, make perfect soldiers.

In regard to his own responsibilities, Sergeant Crozier explained that a recruiting officer is selected for his qualifications for attracting men to the service, as well as "his ability to meet the public and handle men." The officer's first duty is to acquaint himself with the Chamber of Commerce, the editor of the paper, high school superintendent, and public school officials.

While interviewing applicants, he must be able to determine what branch of service the man is best suited, so that when the applicant is trained, he will be thoroughly qualified in every way to protect his country.

Sergeant Crozier spoke of a man 66 years of age, who served in the Spanish American war and World War I, and attempted to enlist in World War II. The applicant's petition, bearing 200 signatures, was not accepted.

Duval Meyers, a new member, spoke briefly, urging a perfect attendance record.

## American Lutheran Approves Merger

By a unanimous vote, delegates to the seventh biennial convention of the American Lutheran Church, now being held in Mendota, Monday night approved a resolution declaring readiness to establish pulpits and altar fellowship with either or both of the two largest Lutheran bodies in the country, the United Lutheran Church, and the Missouri Synod, on the basis of their full and wholehearted acceptance of and adherence to either the Pittsburgh Agreement of the United Lutheran Church or the Brier Statement of the Missouri Synod. These three groups represent a baptized membership of 3,500,000 and negotiations looking toward closer relationship has been carried on for a number of years.

## Troubadettes to Aid USO Project with Style Revue

The United Service Organization will again benefit from a forthcoming social event, which will serve a two-fold purpose of providing music and entertainment, as well as displaying the newest fall and winter modes and present-day fashion trends. At their weekly meeting Monday evening, members of the Troubadette women's chorus were planning a fall style show, to be presented at 8 o'clock Tuesday evening, Oct. 27, at the Loveland Community House.

The revue is to feature dresses, suits and ladies' apparel from The Marilyn Shop, and will be directed by Mrs. Jay W. Sipe. A complete revue of the latest modes will be modeled by mannequins, whose finale will be an elaborate wedding scene.

Mrs. Robert Brewster is chairman of the decorating committee. Mrs. Elsie Ritzman and Miss Frances Patrick are co-chairmen of the ticket committee.

### HIGHLAND CLUB

Mrs. J. C. Lyons and Mrs. Albert Lindsey were co-hostesses to the Highland Avenue club last evening at the Chester Barriage home, where tables were arranged for buncos. Mrs. Hazel Cashion, Mrs. Norman W. Dietrich, and Mrs. J. B. Conroy shared prizes in the games, with a Halloween lunch as the concluding pleasure.

Mrs. Sophia Bose was a visitor. Mrs. Dietrich and Miss Marguerite Stoner are to entertain in November.

## JUBILEE CHORUS TO SING HERE

The public is invited to hear the Jubilee chorus, with Mrs. Leslie Scott as reader, at the Church of the Brethren Sunday evening. The program is scheduled for 7:45 o'clock.

### BIRTHDAY DINNER

Miss Lois Fellows was guest of honor at a birthday dinner last evening at Peter Piper's Town House. Her gift card read for the Misses Margaret Sproul, Agatha Tosney, Frances Martin, Pauline Blackburn, and Mariam Powers.

### VISITS DAUGHTER

Mrs. Scott Lowry returned yesterday to her home in Grand Detour from Chicago, where she spent several days with her daughter, Betty, stewardess for United Airlines. On Friday, Miss Lowry was celebrating a birthday anniversary with a party at her apartment in the Stonehenge apartment hotel, 6319 Kenwood. Mrs. Lowry was at the airport on Sunday to meet the plane in which her daughter makes two trips to New York weekly.

## LINKSWOMEN OF PLUM HOLLOW RESUME GOLFING

So long as a benevolent weather man continues to designate fair weather on Tuesdays, so long will linkswomen of the Plum Hollow Golf and Country club continue their post-season golfing program. Yesterday, eight golfers turned out for a nine-hole tourney, with Mrs. Elwin Wadsworth, winner of the August championship title, winning honors for low gross, and Mrs. Ralph Barlow carding low putts.

A scramble luncheon preceded the links events. Others playing, in addition to Mrs. Wadsworth and Mrs. Barlow were Mrs. George Scott, Mrs. Gordon Dawson, Mrs. Frank Hoyle, Mrs. Charles Sworn, and Mrs. James Reiter.

There will be golfing again next Tuesday, weather permitting.

## P. T. A. WILL HEAR ORDNANCE PLANT OFFICIAL

Capt. J. N. White of the Green River ordnance plant will address members of the North Central Parent-Teacher association at 7:30 p. m. Tuesday at the school. His subject will be "Defense and Its Relation to Public Schools."

Mrs. Charles Lesage, program chairman announces that this meeting is of vital importance to all parents. Mrs. F. H. Roe, president of the association, will preside.

### DINNER GUESTS

Dr. and Mrs. T. M. Northey and Dr. Northey's father, all of Milwaukee, Wis., were dinner guests at the Charles Long home, Monday evening.

## Calendar

Rock River Trail and Horseman's association—Will attend trail ride planned by Morrison Equitation club of Morrison, Ill.

## North Side Commandos Do Their Part in Drive

A telegraph staff photographer, cruising about Dixon yesterday to witness the efforts of school children in their "Scrap for Victory" drive, came across the above group of north side youngsters, who call themselves "Commandos", and who had just completed gathering the pile of scrap shown. They are, left to right—Donna Bertsch, Guy Jensen, Bob Pierce, Janet Schroeder, Larry Lund, Jimmie Wadsworth, Johnny Lloyd, Bobby Eertsch and Charles Richmond.

—Telegraph Photo and Engraving

## Job's Daughters Are Arranging "Military Bazar"

Job's Daughters of Dixon bethel will be party hostesses on Friday evening, Oct. 30, according to plans that were in the making at last evening's meeting of the bethel. The late-October party is to be in the form of a "Military Bazar", with a fortune teller occupying one of several booths that will fringe the dance floor at Brinton Memorial Masonic temple.

Decorations are to follow a military, as well as the Halloween trend, and there is to be a guest gift of war stamps. A special guest of honor, whose identity has not yet been revealed, will add glamor to the event.

On Tuesday evening, Oct. 27, the bethel will met for an initiation ritual.

## SNYDER-SOWERS VOWS ARE READ

Mrs. Roxy Sowers and Peter Snyder, both of Long avenue, were married Monday evening at the parsonage of the First Baptist church. Dr. J. H. Hughes performed the single ring ceremony at 8 o'clock at his home in Amboy.

Mr. and Mrs. Marion Reddish of Long avenue attended the couple. After the ceremony, the bridal party motored to La Salle for a wedding dinner.

The couple will reside at 1003 Long avenue.

—Shelf paper in beautiful colors. In rolls, 10 cents to 50 cents. B. F. Shaw Printing Company.

## PAST PRESIDENTS ARE ENTERTAINED

Three tables were placed for bridge and 500, when Mrs. Phoebe Pumphrey entertained at the Loveland Community House last evening for the Past President's club of Baldwin auxiliary, United Spanish War Veterans. Mrs. I. M. Goodwin scored high in bridge, and Mrs. Paul Miller received the favor. Refreshments were served, following the games.

—Wedding Announcements, engraved or printed. B. F. Shaw Printing Company.

## MRS. MOORE IS BRIDGE HOSTESS

Pink roses trimmed quartet tables seating 12, when Mrs. W. O. Moore of 722 East Second street entertained at luncheon and bridge yesterday at her home. Mrs. Gavin Dick and Mrs. C. G. Popma shared the contract favors.

GOOD NEWS—ENTIRE OUTPUT OF 12 DISTILLERIES TURNED TO ARTICLES OF WAR ago.

## Fugitive Arrested on Vagrancy Charge

Sacramento, Calif., Oct. 14—(AP)—John Strunevitz, 24, fugitive from the Joliet, Ill., penitentiary, has been arrested on a vagrancy charge and identified by Leslie Cox, chief of the bureau of identification.

The arrest occurred Monday. Strunevitz admitted his identity when questioned about his draft card. He said he had escaped from a prison farm three weeks ago.

## That Extra Something!

...You can spot it every time

YOUTH, in everything it does, goes for the people and Y things that are "right". That's why youth goes for ice-cold Coca-Cola. It is "right"... in quality... in taste... and in refreshment. It's the drink that belongs to youth's ritual of refreshment.

And there's reason for this. Ice-cold Coca-Cola has what it takes... a clean fresh taste... unmistakable refreshment. A special blend of flavor-essences merges all the wholesome ingredients of Coca-Cola into an original taste of its own. No one can duplicate it. The only thing like Coca-Cola is Coca-Cola itself.

Just ask for friendly Coca-Cola or, to use its abbreviation, Coke, and you're in for something special in delicious refreshment. Contentment comes when you connect with a Coke.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called Coke. Coca-Cola and Coke mean the same thing... the real thing... "coming from a single source, and well known to the community".

The custom in every neighborhood... to enjoy delicious ice-cold Coca-Cola... though not as often in wartime as before. And remember when you sometimes can't get Coca-Cola, it's because Coke, being first choice, sells out first.

The best is always the better buy!

## Two Illinois Men Are Awarded Silver Stars

General MacArthur's Headquarters, Australia, Oct. 14—(AP)—First Lt. Vincent L. Snyder of Chester, Ill., and Major Leon E. Robinson, Aledo, Ill., were among 21 men of the Army Air Force and the medical corps awarded Silver Stars at ceremonies today.

Lt. Snyder's award was for gallantry in action against the enemy.

Maj. Robinson and another medical officer were honored for

"exceptional gallantry in caring for the sick and wounded during enemy attacks on Java." The citation said the officers "often exposed themselves to the severest enemy strafing. These officers lived with the men, giving them medical attention at all hours of the day and night." The citation added that their "coolness and gallantry under the most trying conditions were an inspiration to all and did much to keep morale at an exceptionally high level."

Alone and unaided, Lt. Comdr. Edward H. O'Hare saved his aircraft carrier, serious damage by shooting down five Japanese bombers and severely damaged a sixth in a single action far out over the Pacific.

**How O'Hare shot down five Jap planes in 17 minutes**

As Told by Himself

The young naval air ace who, in his single-seater fighter plane far out over the Pacific, saved his aircraft carrier from serious damage, told this story of his exploit:

"I was alone against nine Jap bombers. They were flying fast and straight for the carrier which they had apparently been ordered to get at all costs. I got above them and prepared for the first group to pass. Quickly I dropped, pressed the trigger and I saw two of them get hit and drop out. They burst into flames and fell.

"These bombers were coming in formations of three. On the first pass I hit planes on the right after end. Then I went over the left side and started up the line. In this way I shot down five and damaged one or two of the nine bombers. My whole action took only three or four minutes. They tell me there were sometimes three falling planes in the air at once. By nighttime we had shot down 18 of 20 Jap planes seen that day.

"From what I have seen of the Japanese, I'd say that if we can meet them on anything like even terms, we can beat them.

Just give us enough trained men, and we'll approach even terms, and we'll come out on top."

Make no mistake: WINNING THIS YOU, AS WELL AS OUR FIGHTING tanks, planes and ships you give to actual fighting.

For all of us, the time has come to attack. Make this your personal "Do or Die" against the enemies who would destroy you.

"As we here at home consider our own responsibilities, think hard of the example which we set by our fighting men."

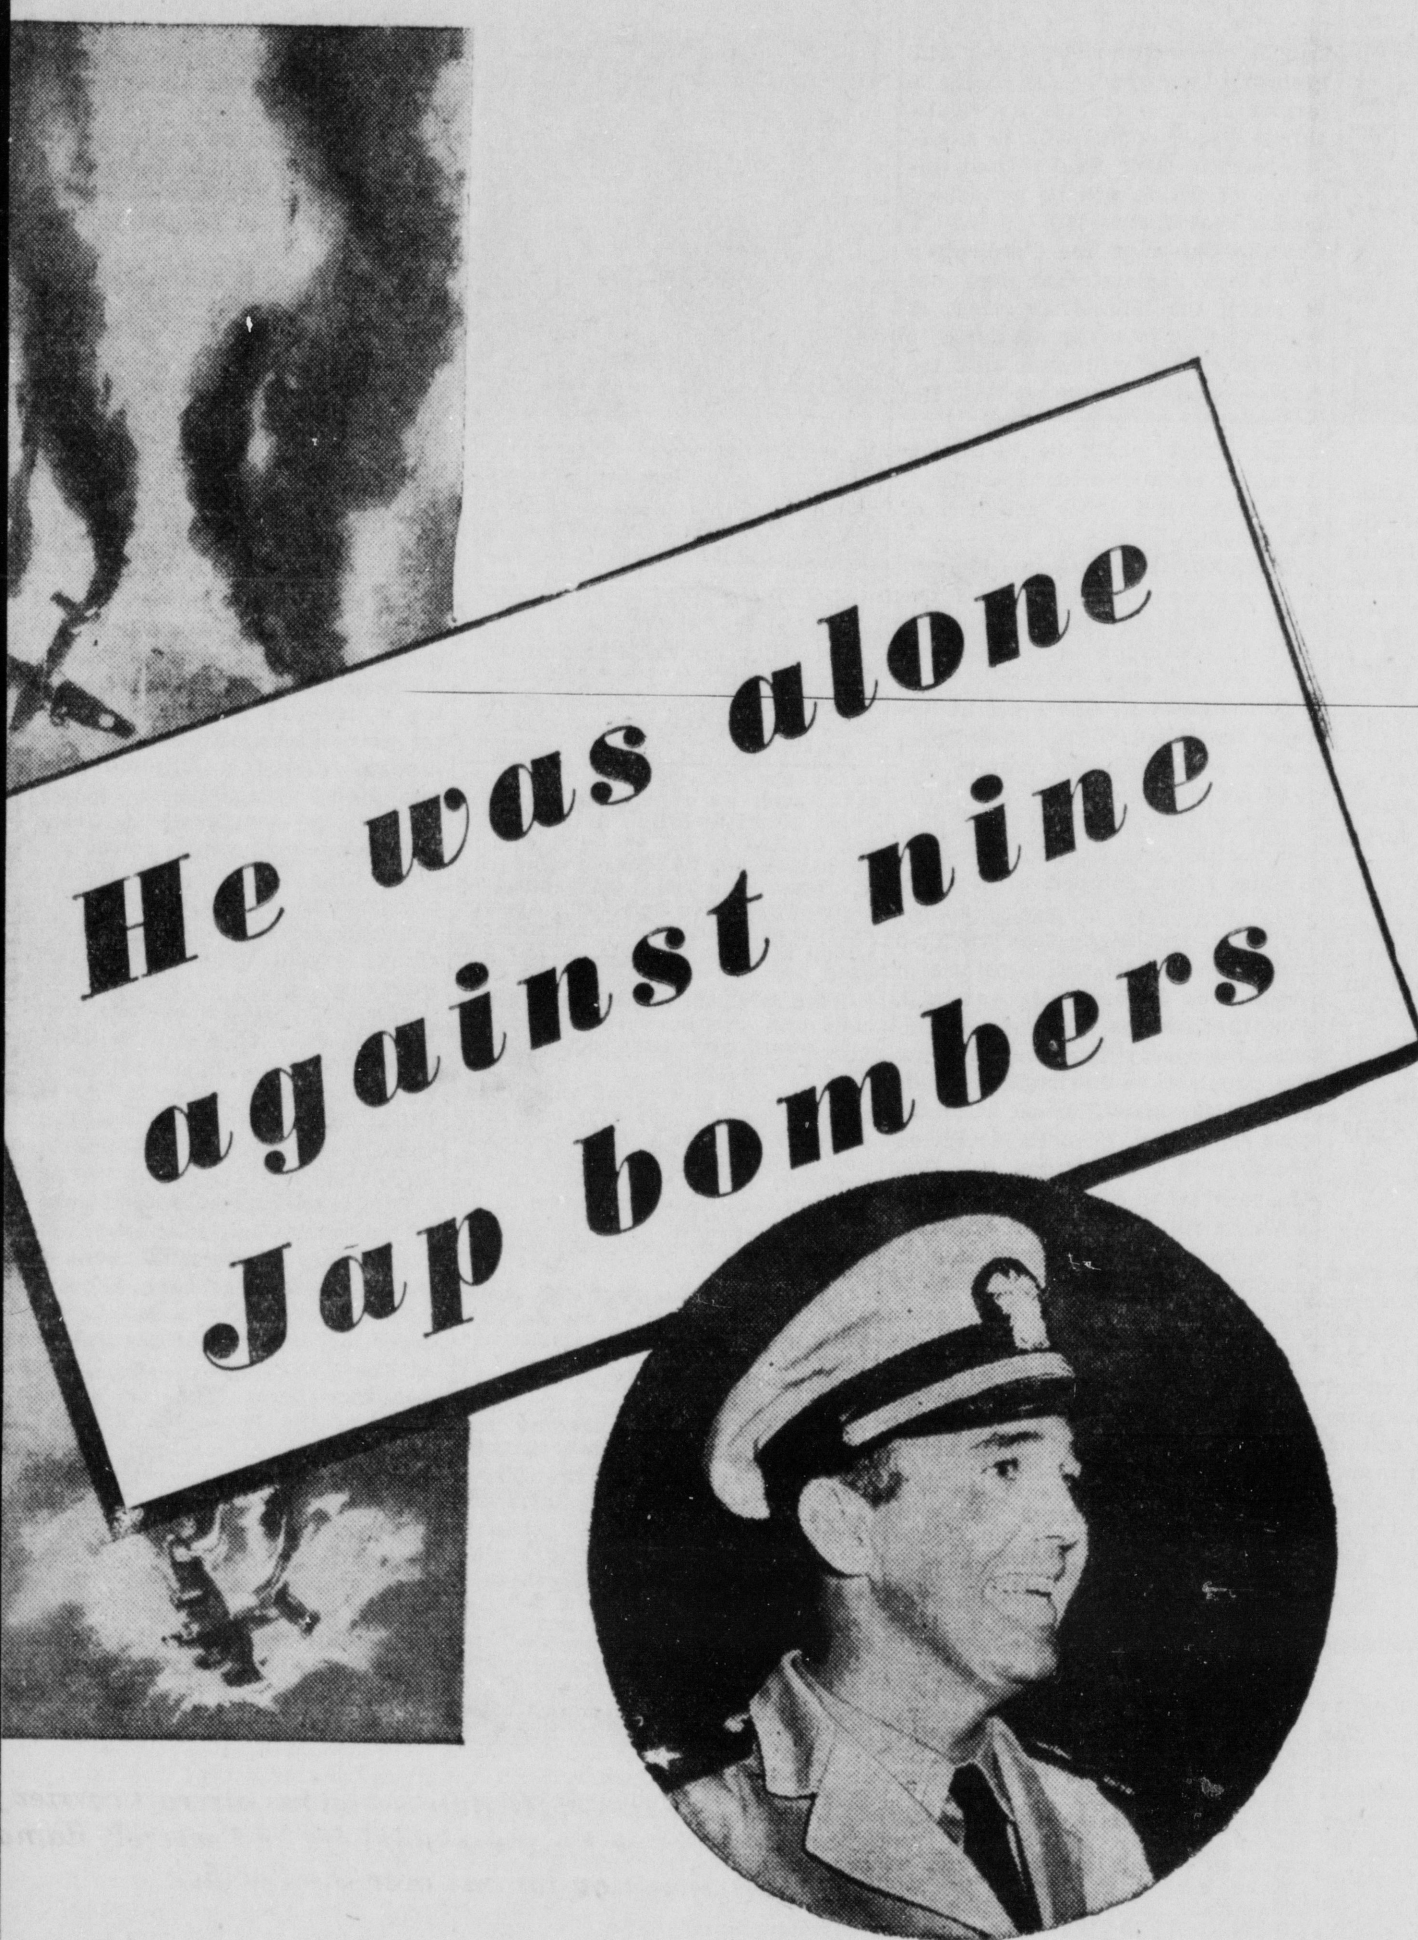

Presidential

**Buy War Savings Bonds**

— SHOOT STRAIGHT WITH OUR BOYS

**EVERYBODY—EVERY PAYDAY 10% IN WAR BONDS**

Lt. Comdr. Edward H. O'Hare, who received the Congressional Medal of Honor as a result of his gallant action.

and planes to top."

DEPENDS UPON and on the guns, alleged to do the

the offensive—to of War" against our freedom:

our own sink and set for

velt, in his ril 28, 1942.

Put at least 10% of your earnings into War Bonds every pay day—starting now! War Bonds not only offer the one sure way to help equip our fighting men and guarantee America's continued freedom, but provide the safest way on earth of guaranteeing your family's financial future too.

No matter what sacrifice it may entail—be sure you make your War Bond "quota" every pay day.

Remember, that any sacrifices we make must be puny, indeed, compared to those being made by our boys on the fighting fronts.

Remember, too, that the Japs and the Nazis will not wait while you "put off" buying Bonds until your NEXT pay day. No! It's 10% invested in War Bonds now, with \$4 back for every \$3 when Bonds are held to maturity—or its 100% LATER—taken, not borrowed, by your Jap and Nazi masters!

Save—or slave? Bonds—or Bondage? IT ALL DEPENDS ON YOU!

## Relative of Dixon Woman Tells of Torpedoing; Relates Gripping Tale

Cousin of Lt. Blair Johnson of Davenport, Ia., and a relative of Mrs. Alice Beede of Dixon.

Miss Elinor Johnson, daughter of Mrs. Brice R. Johnson, 918 East Thirtieth street, Davenport, wrote the following letter detailing her experiences after being aboard a boat that was torpedoed enroute to Bermuda. The letter was addressed to Miss Johnson's uncle, W. R. Johnson, 126 Forest road, Davenport.

She was the first woman graduate of Rock Island arsenal foreign clerk school to receive an assignment. Formerly, she taught modern languages at Augstana college.

Excerpts from her letter follow: "I think that by this time I can tell you something of what happened—it's really quite a thriller-diller of a story and if I get it down on paper to you while it's still fresh in my mind, you can put it away in your safe and 20 years from now when I start telling the tale with exaggerations and embellishments, you'll have evidence to trip me up with.

"The first part of the trip seemed to me exciting at the time, what with everyone wearing his life jacket constantly, watching for coming towers, torpedoes, etc. I for one got no sleep day or night up to the time we were hit, and in fact for some time after. Then it happened early one evening, and I had four minutes in which to go to my lifeboat station, found that part of the deck destroyed, crawled on hands and knees to the other side of the boat—crawled, because it had listed so much—went down a rope and jumped.

"Believe me, I had the surprise of my life when I came to the surface, looked around and saw the stern of the boat going under just behind me. That was the first time I died, thinking I would be pulled under by the suction of the boat—but before dying I must have decided to make one last attempt, because I swam away from there so fast I could have been riding on a torpedo. Some of the other passengers claim I broke all speed swimming records. At any rate, after swimming around for perhaps 20 minutes, I got into a lifeboat—it was so crowded the only place for me was lying in the bottom of the boat with a few pair of feet on me.

Later that night we were picked up by a destroyer, and then the fun really began. Until that time I think I had been too dumb to realize the danger of the situation—and things were happening too fast to think about it anyway—but for the next 24 hours I thought every second was my last one alive. Another girl and I stayed with the ship's doctor and the injured men below decks on the destroyer, bandaging smashed arms, legs and heads, running from one man to another with a bucket, sticking hypodermics into their arms—the hypodermics hurt me worse than the men I gave them to.

"We chased subs and dropped depth charges for the longest eight hours I ever spent in my life—although luckily the other girl and I were occupied all the time and so weren't as bad off as

if we had nothing to do but sit and think about a watery grave. In fact I was so busy I didn't remember to be seasick, so that's still one experience I haven't had yet. Every time a depth charge went off the injured men would practically leap out of their bunks, because of that their wounds would begin bleeding again, all in all it was pretty messy. Hope you haven't just eaten dinner when you read this.

"The end of the story is that I arrived safely, slept two days and two nights, and the only battle scars I have to show for it all are bruises which are already fading. I've been so busy and had so much fun that it has been very easy to forget the incident, but it sneaked up on me again last night when I was awakened out of a sound sleep by some loud noise which I took to be a torpedo evidently, because I felt the concussion and smelled the powder and smoke exactly as though I were on the boat again. I grabbed on my gas mask and dashed to the shelter—and did I feel silly when I came to my senses.

After that, of course, I couldn't go back to my room and sleep, so I sat up and talked with the night watch until time to go to work this morning—at any rate I'll need more than a nightmare to keep me awake tonight. They tell me that sort of thing happens often, and it takes quite a while to get it out of your system.

Lauds U. S. O. "I wish I were good enough at throwing words together to give you a good picture of the U. S. O. here. I have never known an organization so badly needed and doing such a swell job. The other recreational places are largely public dances and restaurants—and the U. S. O., in spite of continued pressure from high places, is the only place where liquor is not allowed. The nice thing about it is that the men seem to take quite a bit of pride in the club and won't allow any roughhouse stuff. If someone comes in who has been down the road drinking too much, the fellows themselves throw him out—I haven't yet seen the director have to take a hand in it—not that it happens very often. It's changed the men a lot since the club started.

"I can truthfully say that they all act like gentlemen when at the club. That's one of the reasons I'm glad to be staying there, and seldom go out except to some special party at someone's home. It's too hard to get around on a bicycle in the black-out at night anyway, and there's always something doing at the club and plenty of boys eager to hear Americana from an American girl, especially if she can dance, play ping pong, swim, etc. There are very few American girls here, you know, most of them married to officers, and I think I'm the only one who goes to the U. S. O. activities.

"Besides, since my ducking I have a different slant on the army and navy, and knowing a little of what they have gone through and probably have ahead of them, I'm willing to dance my feet off and listen my ears out and look at pictures of the girl back home until my eyes pop out. Anyway, 90 per cent of the time I like it. Maybe 99 per cent."

## Hog Industry Has Job to Forestall Upsets in Market

Record production of hogs by U. S. farmers this year will be followed by a disastrous market jam and a severe break in price during December and January unless there is full cooperation between producers, handlers and processors and a sharp adjustment in hog marketing schedules, according to a report by a committee of specialists in the University of Illinois College of Agriculture.

By pushing their hogs for market prior to the expected peak in December and January, farmers can prevent what threatens to be a severe break in price during those months, the report pointed out. It also was recommended that the light end of the pig crop be held over by light feeding until February or later when normally hog prices are relatively strong.

Prospects are that the average number of hogs for federally inspected slaughter in November, December and January will hit an all-time record of more than 6,700,000 a month, with a possible December peak of 7,500,000 hogs, according to the report. The highest that the monthly slaughter of federally inspected hogs has ever been during the past ten years was 6,063,000.

"Packing facilities and transportation agencies may not be able to handle satisfactorily the number of hogs which may be marketed in a short period of time. This calls for full cooperation and some adjustment in the date of marketing on the part of farmers in order to obtain relatively uniform receipts from day to day.

"Ability of packing plants to handle the record volume of hogs will be limited by their success in retaining labor or in recruiting labor to replace that which has gone into military service and into other industries. Furthermore plant capacity may be inadequate at any of several points. Either freezing, curing, oil-rendering equipment or storage space may be taxed beyond capacity. Obviously the hogs marketed will have to be distributed to different plants in such a way that all may attain their maximum kill capacity in peak periods.

"Truck and railroad transportation also may be overtaxed. Indications are that one-third of the tires now on livestock trucks will require replacement within six months. The rate of necessary replacements exceeds the quotas of tires now allowed. Commercial trucks gradually are being withdrawn from service. Truck shipments have greatly reduced rail shipments of hogs. Livestock road cars have been reduced from 85,000 in 1926 to 53,000 in 1941. However, the peak of their use for hog marketings comes after the peak of cattle and sheep shipments. Prompt loading, handling and return of cars will help prevent congestion.

"Transportation is dependent not only upon railroad capacity, but also upon the ability to load leased tenders on shipboard. This is affected by ocean shipping difficulties which are bound to arise in modern warfare.

"It is altogether possible with these uncertainties that the run of hogs will be great enough at the peak of marketing to cause a sharp break in market price. It is true that the demand for hogs appears to be adequate to maintain a high price level. The only reason for a greater than average seasonal break in price would be heavier marketings than packers or the transportation system could take care of. Farmers should prepare therefore to follow market reports closely.

"It may be necessary to restrict the shipping of hogs to prevent a glut on the market. This may need to be handled under a permit plan, operated through the markets, which would limit the number of hogs to be shipped to any particular market point in one day."

Cesar Romero Enlists in U. S. Coast Guard Hollywood, Oct. 14—(AP)—Cesar Romero, the tall (six feet two) dark (it's the Latin in him) and handsome (ask any the movie cuties) screen actor, is a coast guardsman now.

Romero, unaccompanied, unheralded and unpress agented, walked into the coast guard's San Pedro recruiting office and asked: "Can one enlist in the Coast Guard here?"

One could, it developed, and in a little while Romero had been sworn into the service as an apprentice seaman, the lowest grade in the outfit.

## GOVERNMENT ORDERS AFFECTING FARMERS

Farm Equipment, Supplies Secretary Wickard Calls for More Poultry: Secretary Wickard has called on the nation's poultry industry to produce 200,000,000 extra chickens during the coming fall and winter months to help supplement the supply of meat in prospect for civilian use.

This means of increasing meat for civilian consumption was proposed by the National Poultry Defense Committee and affiliated organizations. The goal is 200,000,000 chickens to be raised to a weight of at least three pounds each to supply an additional 600,000,000 pounds of poultry for consumers this coming winter. Assurance has been given that poultrymen on farmers, using existing brooder houses and other equipment not normally used to capacity during this season, would cooperate. A million producers raising 200 chickens each will assure the goal.

Order Issued to Conserve Chemical Fertilizers: Nation-wide conservation of chemical fertilizers, to save nitrogen for vital war manufacture, has been ordered by WPA. The order makes these prohibitions:

1. Fertilizer containing chemical nitrogen cannot be used on grains sown in the fall of 1942 to be harvested as grain. If the grain is used as pasture or cover crop, the restriction does not apply.

2. Chemical nitrogen fertilizer cannot be used on golf courses, cemeteries, lawns, roadsides, non-commercial planting of trees, shrubs and flowers. Commercial nurserymen and florists may use chemical fertilizers for propagation of trees, shrubs and flowers, and for flowers for commercial cut flower sale, on their own establishments, but not on the premises of their customers, private or public.

Purpose of the order is to conserve chemical nitrogen which is necessary for basic food production and also is a necessary ingredient of explosives, particularly smokeless powder. With increased domestic production and expected imports from Chile, not more than 80 per cent of expected agricultural demands will be available. This is contingent, however, on regular receipts of nitrate from Chile.

Price Adjustments Allowed on Agricultural Lining Materials: To insure adequate supply of agricultural lining materials—widely used to increase the productivity of certain types of soils—OPA has established a specific procedure for the adjustment of the maximum prices of those producers whose March selling prices were unduly low.

This action pertains only to sales and deliveries to the Agricultural Adjustment Agency. The great bulk of agricultural lining materials, which are obtained mainly from limestone deposits, is distributed to farmers by the Agricultural Adjustment Agency, which purchases most of the material from producers on a delivered to the farmyard price basis. Producers sell to the agency on the basis of annual contracts—some of which date back as far as May 1941 and do not take into account subsequent increases in transportation and production costs. As a result, producers who were operating under such contracts in March 1942—the base pricing period of the General Maximum Price Regulation—have maximum prices which, in many instances, do not reflect current costs.

Licensing Control Instituted for Lumber and Building Materials Industries: Substantially the entire lumber, lumber products and building materials industries have been brought under unified licensing control at distribution levels.

The order automatically licenses those retailers, wholesalers, distributors and all other persons (with the exception of mills, manufacturers and producers) who make sales subject to certain specified lumber, lumber products or building materials regulations. It also makes the license a required condition of selling material or products currently subject to these regulations. At present these regulations include Douglas fir plywood, Southern pine lumber, Douglas fir or other West Coast lumber, Western pine lumber, Central hardwood lumber, Central hardwood lumber, red cedar shingles, railroad ties, softwood, distribution yards builders' hardware and insect screen cloth, domestic fuel oil storage tanks, and cast iron soil pipe and fittings.

Suspension of licenses for violation of price regulations is provided. No registration of licensees is required now, but may be later.

Hominy Feeds Exempted from General Price Ceiling: Hominy feeds—a by-product in the milling of corn largely used for animal feeding purposes—have been exempted by OPA from the provisions of the General Maximum Price Regulation.

The exemption applies also to other dry corn milling products, including corn germ cake except when packaged.

Hominy feed, because of similarity of analysis, is used more or less interchangeably with ground corn feed meal for feeding purposes. This results in hominy feed prices following the prices of corn and corn feed meal very closely.

Corn germ, corn germ meal and corn germ cake are either used as

ingredients of mixed feeds or are blended into hominy feed and their prices are expected to follow those of hominy feed very closely.

More Rigorous Beef and Veal Grading Ordered: More rigorous grading requirements of both beef and veal by every meat packer within the United States has been ordered by OPA.

As the initial corrective step in this program, all beef and veal carcasses and cuts sold as "choice" quality were to be so graded and grade-marked under supervision of official Department of Agriculture graders.

Under the original regulation, OPA adopted the official Department of Agriculture grading standards for beef and veal. However, at that time packers were permitted to do their own grading. With the new amendment, the choice grade now must be inspected by the Department of Agriculture's graders. It is expected that this requirement will go far towards checking abuses which have been prevalent during the past few months.

Beef and veal upgrading, OPA officials indicate, in a large measure, has indirectly encouraged a rise in live cattle prices, particularly in the lower grades. As a result, retail sellers have been unable to buy meats at their proper ceilings, but have been compelled to purchase such meat at artificially high prices.

Another highlight of the new OPA amendment:

Club animals bred, raised or fed by 4-H members are excepted from the custom slaughtering regulation which would require the slaughterer to remit to the purchaser an amount that would equalize the cost of the carcass with the slaughterer's ceiling price. This exemption was granted for this season only, to allow the boys' and girls' clubs to realize their investment in the animals.

Transportation Farmers to Receive Instructions on Truck Certificates:

Farmers and others desiring to apply for Certificates of War Necessity in connection with ODT's new program of transport conservation should not send their applications to Washington D. C.

Application blanks, together with complete instructions on how to fill them out, will be mailed soon to every person registered on or after January 1 for a 1942 State vehicle license as the owner of a truck, bus, taxicab, ambulance, hearse, jitney, or any type

of motor vehicle other than passenger cars.

Mailing of the application blanks will start about September 2 and will be completed in time for each eligible operator affected to obtain his certificate before November 15, when the order becomes effective, provided the application is properly filled out and promptly returned. In case a farmer fails to receive an application blank, copies will be available at the ODT field offices, location of which will be publicized in the near future.

Confidential—Not for Publication

While Wilhelmstrasse does not so state, the immediate effect of the policy is to make available to Germany at a minimum cost the full economic resources of the occupied countries. The long range effect would be to reduce occupied countries to agricultural appanages and labor reserves of the Reich.

Food Situation Bad in Belgium: It was stated that the food situation in Belgium was "as terrible as that prevailing in Athens."

\*\*\*

Norwegians to Get Food in Return for Work: The Norwegian people were told that despite difficulties Germany was doing everything possible to keep the people healthy and capable of work. Germany has shipped to Norway large quantities of grain, sugar, molasses, and other foodstuffs as well as coal and will continue to make such deliveries, it was said.

For that reason, it was emphasized, Germany can demand that the people take the right attitude toward the New Europe and that food be given first to deserving people. It was pointed out that the new labor card system, under which food rations are allocated according to work done, was in accordance with the demands of social justice.

Hungary Asks for Gifts of Winter Clothes: The people were urged to prepare consignments of winter clothes for troops at the front. The Postal Administration announced that families desiring to send winter clothes to members at the front would be permitted to forward one parcel with a maximum weight of 10 kilos per soldier. Such parcels must be limited to warm clothes and may not contain letters or food. The parcels must be taken to post offices while open. It was pointed out that while the Postal Authorities could not guarantee that the parcels would be delivered to indicated addresses the contents would nevertheless be distributed to other soldiers.

Fats and Oils Further Limited: Limitations on use of fats and oils, to permit building of a reserve supply of these vital war materials, have been ordered by WPA. While the action establishes new controls over fats and oils, it does not include cocoa butter, butter, wool greases, essential oils, mineral oil, vitamin-bearing oils, and some others.

Fats and oils used in the manufacture of edible finished products, such as shortening, mayonnaise, salad dressing, and the like are limited to 90 per cent of the amount used, by quarters, of the average of the corresponding quarters of 1940 and 1941. Special exception is made for margarine, which is given a quota of 110 per cent.

Soap is given a quota of 90 per cent and paints, varnish, lacquer and other protective coatings an 80 per cent quota.

The order places no restriction on the use of fats and oils in a finished product where the oil is not the principal ingredient of the product. Thus there is no restriction on the baking industry, as an example, where shortening is a necessary, but not the principal, ingredient.

Conditional Increase for Apple and Pear Storage: Under an OPA ruling, packers and warehousemen of apples and pears will be permitted conditionally to increase current charges for their respective services, pending further and more searching investigations of wide-spread claims that these charges are abnormally low.

MISCELLANEOUS

Farm Use of WPA Workers to be Pressed: Provision for increasing the effective use of industry and agriculture of the available labor supply on WPA rolls has been announced by the Works Projects Administration and the Social Security Board.

In each state effective liaison has been established between the WPA State Administrator and the State Director of the U. S. Employment Service to help, as needed, channel into war production capable certified persons on WPA rolls. Under the arrangements, WPA recognizes the Employment Service as the official agency for returning workers on WPA projects to private employment.

Approximately 390,000 persons were employed on WPA projects on Sept. 8, 1942.

## Horses Changed?

Field Marshal Emil Ritter von Leeb, above, has replaced Marshal Fedor von Bock as German commander at Stalingrad, according to reports—unconfirmed—via Vichy radio.

## Famed Cartoonist Appears in Free Lecture Thursday

Vaughn Shoemaker, noted for his cartoons in the Chicago Daily News and a number of other periodicals has been booked to speak in the Loveland Community Auditorium tomorrow at 7:45 p. m. This meeting will be of interest to the general public, as Shoemaker will show how he draws his cartoons as well as speaks to the audience.

By means of a \$1500 invention called "The Shooscope", which was invented by the cartoonist, his cartoons are projected on a screen as he draws them. Especially popular is his cartoon entitled "The Road Back" which won the Pulitzer prize for news paper cartoons a few years ago. The limited time available for these public appearances has made necessary the booking of the speaker nine months in advance of his appearance here, according to the local committee.

The speaker in addition to being a newspaper man, he is also an active Christian worker. He is a member of the Christian Business Men's Committee of Chicago, and was the founder of the Gospel Fellowship club which consists of more than 1800 businessmen in and around Chicago. He is in constant demand as a speaker in churches and before civic organizations.

His most famous cartoon character is John Q. Public, a mousy little character, according to Time magazine. Due to his political satires, his life has been threatened on a number of different occasions.

The seating capacity of 500 will be available in the Loveland Community House auditorium. No admission will be received to provide for transportation and use of the "Shooscope" for the appearance here. The Men's Bible class of the Bethel U. E. church has acted as a local committee in planning for the lecture, but the service will be non-sectarian and worth-while for persons of all creeds to attend. Due to the fact that the local Community Forum is not providing a lecture course this year, this illustrated lecture will be of special interest to those denied the privilege of the usual series.

—You want to help, do you not? Then look up all the old scrap metal you can find. It may save your boy or some other mother's boy. Do it now. Please call The Evening Telegraph, No. 5, and we will tell you where to take metal.

—Flat books of Lee county. For sale by B. F. Shaw Printing Company. Price only 50c.

# Remember, Lee County Students, Junk Is Where You Find It...

In your basement, attic, garage, back yard, if you live on a farm -- around the barn, garage, machine sheds along back fences, or scattered around the farm. Search these places carefully and turn in every single piece of scrap metal you can find.

## PROVE TO LEE COUNTY MEN IN SERVICE YOU ARE BEHIND THEM 100%

Turn your scrap in to a community salvage depot. In Dixon these depots are located at the Dixon One-Stop Service, Chester Barriage Service Station, and Hennepin and Commercial Alley. If you do not have transportation facilities to haul your salvage to the junk pile

PHONE 5

Get your CERTIFICATE OF PATRIOTISM by turning in every available piece of junk around your home premises. Help your school with their salvage campaign. Help your country "sock the Axis." Your CERTIFICATE OF PATRIOTISM is proof that you have done your bit.

... All Proceeds From Sale of Contributed Scrap Will Be Donated to the U. S. O.

... If You Want to Sell Scrap Deliver It to a Regular Junk Yard

(This Space Contributed by The Dixon Evening Telegraph)

# Comptrollers No.1 Increase G.R.O.P. Lead

## Duck Shooting Prospect Good

Springfield, Ill., Oct. 14.—(AP)—Illinois sportsmen preparing to open the duck hunting season tomorrow were told by Conservation Director Livingston E. Osborne today that they may expect "some of the best duck shooting in many years."

"While early reports to the department indicate that the major migration of ducks from the north down along the Mississippi flyway has not yet reached the normally heaviest shooting areas, there are already enough mallards, pintails and other varieties to insure a good opening day for many thousands of hunters," Osborne said.

Duck hunters this year have a 70-day shooting season instead of the 60 days in effect in recent years. Thousands were expected to be in the blinds along the Mississippi and Illinois rivers at sunrise tomorrow for the season opening.

Duck hunters who begin their season tomorrow are urged by John Nuveen, Jr., regional salvage director for the War Production Board, to save the brass ends of shells for the national scrap heap.

"Fifty shotgun shells represent a pound of scrap brass," he said.

## DUDLEY REMAINS IN GAINING LEAD

### Baugh Takes Over Slight Edge in Passing Department

Chicago, Oct. 14.—(Special)—Two rookies and a pair of veterans moved up to make their first appearance among the National Football league's ground gainers this week, but the supremacy of young Bill Dudley went unchallenged.

Dudley increased his lead over Merle Condit to 53 yards as he led the Pittsburgh Steelers to victory over Condit's Brooklyn Dodgers, and now stands well out in front with 272 yards in 44 attempts, an average of 6.2 yards per attempt.

Andy Farkas, Washington veteran, who has taken all of two seasons to regain the form that made him one of the league's greatest backs before he suffered a leg injury in training camp in 1940, gained 58 yards in 15 attempts against Cleveland to take ninth place.

His rookie teammate, Dick Poillon, picked up 30 yards in the Cleveland game to take over 16th place in the select circle, while Ted Fritsch, Green Bay full back, went into tenth place with 101 yards in 26 attempts and Bob Morrow, Cardinal full back, bucked his way through the Bear line for 25 yards and just enough to become 18th.

Tommy Thompson, of Philadelphia, and Sammy Baugh of Washington, continued to be closer than butter to bread in the passing race, with Baugh taking over first place by a margin equally as small as that by which the Eagle star led a week ago. Both have thrown five touchdowns passes and are topped in this respect only by Cecil Isbell, who connected to Hutton against Detroit to run to 15 the number of consecutive league games in which he has tossed scoring airmails.

## War Future of Baseball to Be Known Dec. 1-5

New York, Oct. 14.—(AP)—The wartime future of baseball, insofar as the magnates are masters of their own fate, is to be determined at meeting of both the major and minor leagues in Chicago the first week in December.

The majors now are in the process of approving the change of the site of their sessions from New York and the date to coincide with the minors, but it was learned today that enough clubs already have agreed to the switch to make the doubleheader meetings certain.

The major league confabs are planned for December 1, 2 and 3, a week earlier than usual, and the minors meeting December 4 and 5, three days later than in the past.

This gathering, one of the few times that majors and minors ever have assembled together, will replace the big convention of the National Association of Professional Baseball Leagues, originally scheduled for Minneapolis, as well as the major league pow wows in New York.

## TACKLING TWINS

Raleigh, Oct. 14.—John and Fred Wagoner, North Carolina State tackles, are twins.

league klegers, tried his hand at open bowling at the Dixon Recreation Sunday afternoon and didn't do half bad at it either. He shot four games for a total of 831, 208 average. The four scores were 204, 168, 215 and 244.

## ENGINEERS SWEEP SERIES TO JUMP INTO 2nd PLACE

Production Dept., Police No. 1 Break Team Records

### TONIGHT'S SCHEDULE

Classic League Wed. 7 p. m.  
Pabst Blue Ribbon—McGraham Welch & Brader — Boynton-Richards  
Van Dams—Old Style Lager James—Myers Royal Blue  
9 p. m.  
Vaile Clothiers—Hill Bros. Potts' Quality Market—Country Club Beer  
Harmon—Canteen Service Shell Oil—Chauferers

The Comptrollers No. 1 team swept its series from the Inspection Dept. Wolves last night to increase its lead in the G.R.O.P. league standings by half a game. The Engineering Dept., which was holding down fourth place prior to yesterday's shooting, knocked off the Inspection Dept. Greyhounds three straight to vault into the runnerup spot, replacing the Police Dept. No. 2 outfit, which could win only one out of three from Ordnance Dept. No. 2, and the number one Ordnance Dept. team which lost two out of three to Purchasing Dept.

The Personnel Dept. shooters and the Police No. 1 were all-victorious in their matches with Safety Dept. No. 2 and Comptrollers No. 3.

Production Dept. and Safety Dept. No. 1 were two out of three victors over the 1100 Group and the Comptrollers No. 2 klegers.

Production Dept. and the Police No. 1 shared record breaking honors with Production setting a new team game high, 1087, and the Police totaling 3024 for a new series mark.

Radloff, shooting with the Production workers, rolled 243 in his first game to miss by only three points Pabst's record 246.

"... No hitting in the clinches, and remember, Ma is pulling for you too, Alvin."

## ILLINOIS RISES OFF CANVAS UNDER NEW COACH RAY ELIOT

By BURTON BENJAMIN  
NEA Services Staff Correspondent

Champaign, Oct. 14.—While old Bob Zupke idles on his farm near here, painting the murals of which he is so fond and reminiscing of the glories of Grange, Britton and McIlwaine, Ray Eliot has concluded a successful season at Illinois.

One game did it—Illinois 20, Minnesota 13. Illini rabids, who had grown emaciated from football malnutrition, will be content if the lads don't win another.

To call the Illinois victory the harbinger of a football renaissance would be unwise. The Illini have a murderous schedule ahead—

Iowa, Notre Dame, Michigan, Northwestern, Ohio State, Great Lakes and Camp Grant. But apparently the dog days at Champaign are nearing an end.

A rugged, explosive line that outcharged the vaunted Gopher forwards gave Illinois its winning impetus. It was a refreshing change from the porous Zupke dikes that watched the Big Ten roll by.

Five of the Illini linemen went the full 60 minutes. Two—center Mac Wenskunas and tackle Mike Kasap—are sophomores.

### AGASE CHANGED MIND

Two of the Illini touchdowns were scored by Alex Agase (pronounced Aga-see), an Evanston junior who stole the ball from touted Bill Daley in the second period and ran 35 yards for a touchdown. In the final quarter, he pounced on a loose ball in the end zone for another score.

Agase, of Syrian descent, was a tackle last season. He changed his mind about dropping out of school this fall.

The Illini won without the services of their best guard, Bob Wilson, who is hospitalized by flu.

Joe Pawlowski, a senior, played 60 brilliant minutes in his slot. Eliot has typical middle-western backfield wealth. Capt. Jimmy Smith, the 175-pound senior, was shifted to fullback after two years at half. Don Griffin, one of the better conference sophomores last season, has improved.

### ELIOT PLAYED GUARD

Ray Florek, a 5-foot 11-inch, 195-pound sophomore, leads the blockers from the quarterback post. Diminutive Buck Correll is the fourth back.

Supporting backs Dick Good, Myron Pfeiffer and Tony Butkovich have performed well.

Respectable Eliot entered Illinois in 1928 with \$15 in his pocket. He played guard despite the handicap of poor eyes, which were so bad he wore glasses under his catching mask on the diamond.

He played as Ray Nusspecker, changed his name to Eliot, his middle and mother's name after graduation.

How long Illinois will ride on the undefeated apple cart is questionable. From the caliber of the opposition, one would guess not very long.

Yet in beating Minnesota, the Illini have given notice that they are heading for happier days.

### WAVES CHEER BADGERS

Madison, Oct. 14.—Wisconsin has additional incentive to win at home. Cheering the Badgers are their newest fans—470 WAVES, girl sailors studying at a radio training school on the campus.

## SUPERSTITIOUS? RIDE WITH IRISH OVER SEAHAWKS

Notre Dame Has Yet to Lose Against Bierman Outfit

South Bend, Ind., Oct. 14.—(AP)—If Notre Dame trips the high flying Iowa Seahawks here Saturday, it will be something of a moral victory for gridiron superstition.

To begin with, the Irish will be wearing green jerseys again. They discarded their traditional blue jerseys for the green shirts last week against Stanford and scored their first triumph of the season—a 27-0 win.

Then, too, Notre Dame never has lost to Bernie Bierman, who before taking over direction of the naval pre-flight school team this year, twice watched his Minnesota elevens bow to the Irish—in 1937 and 1938.

But on the material side, and despite successive Seahawks wins over Kansas State, Northwestern, Minnesota and Michigan, the chances of Notre Dame have increased by the return to form of pass pitching Angelo Bertelli.

While calling signals against Wisconsin and Georgia Tech, quarterback Bertelli threw a total of 26 forward passes, completing 10. Relieved of the signal calling burden against Stanford, he passed 20 times, completing 14—nine in a row and four for touchdowns.

### Kuzma Works Out

But even Coach Ed McKeever, subbing for Frank Leahy who is undergoing a physical checkup at the Mayo clinic, probably had the "luck of the Irish" in mind when he said:

"We'll wear green jerseys again. Beyond that I won't venture a guess on what will happen Saturday."

Other practice highlights yesterday in the midwest football camps:

Tom Kuzma, injured before the season began, worked out in the Michigan backfield for the first time as the Wolverines drilled for the conference opener with Northwestern....The Wildcats, who have lost halfback Joe Scriba, Otto Graham's understudy, for an indefinite period, concentrated on defense....Iowa and Illinois both held scrimmages for their game Saturday, with Iowa stressing blocking....

At Wisconsin, backs Elroy Hirsch and Pat Harder and tackle Bob Hanzlik limped around and Coach Stuhldreher said he would not risk contact work this week for the Great Lakes game....The Sailors polished their aerial attack....Purdue also stressed forward passing....Ohio State, anticipating Purdue aerials, worked long on defense against them....Indiana, which will oppose Pittsburgh, likewise practiced on defense....

At Wisconsin, backs Elroy Hirsch and Pat Harder and tackle Bob Hanzlik limped around and Coach Stuhldreher said he would not risk contact work this week for the Great Lakes game....The Sailors polished their aerial attack....Purdue also stressed forward passing....Ohio State, anticipating Purdue aerials, worked long on defense against them....Indiana, which will oppose Pittsburgh, likewise practiced on defense....

## ROUNDUP

By HUGH FULLERTON, JR.  
Wide World Sports Columnist

New York, Oct. 14.—Ever stop to think how hard a sports promoter has to work to get to buy a ticket for his games? ... We never had thought much about it, either, until Al Sutphin, the big ink and ice man from Cleveland, started telling the other night how he got such crowds to watch his hockey club ... Things like providing a winning team, bringing in new men every season and spending plenty of cash for advertising are just the starters ... "I see to it that there's a hockey game every Saturday night, with no exceptions," Sutphin explains. "The fans always know what to expect. Our club spends \$9,000 a year more to travel than the others just to get those Saturdays ... I'll even move a circus out overnight for a game" ... Then there's the little matter of arranging special nights for clubs and industrial organizations, and after - dinner speaking ... Al is the orator, but he has a special promotion staff to follow up his talks ... "There are about 150 clubs in Cleveland and I've probably spoken before all of them," he says.

BEAK-BASHING BALLYHOO—Another angle Sutphin pointed out is that Cleveland's boxing revival began when the promoters shifted their shows into his arena from the public auditorium, which hogs more people but isn't strictly a sports hall ... "We had the sports crowds coming in and we told them about the fights ... Larry Atkins is a good matchmaker, so they just caught on," is Sutphin's version ... "After all, you couldn't expect an opera to advertise a fight."

SPORTPOURRI—If the governor of North Carolina stops to chat with the governor of South Carolina these days, they're probably arguing whether North Carolina's Chan Highsmith is a better center than South Carolina's Louis Sossamon ... Wilbur Wood, the New York Sun's sports editor, has figured out that, if taxes remain at their present levels, Joe Louis would have to take down \$2,170,000 in purses to save enough to pay his debts ... No wonder Joe is a bit confused about whether he has retired.

SERVICE DEPT.—After Lieut. Kenneth Ormiston, former Pitt player who coaches the Colorado Springs air base football team, cancelled last week's game with the Wichita aerial commandos, he gave this explanation why his boys deserved a rest: Because equipment arrived late, his squad couldn't scrimmage until a week before the opening game; it was a couple of weeks later before they could get showers after their drills without going clear down town; out of his original squad of 42, fourteen were lost by transfers within two weeks, and eight of them were in the hospital after the first two contests ... When the Navy shipped Sam Snead to San Diego, Calif., he could hardly wait to play on the Rancho Santa Fe golf course. He got his chance when another Navy golfer, Lou Jennings challenged him. Sam shot a nifty 70, but Jennings came through with a 68, his best round for the course.

Indianapolis, Oct. 14.—(AP)—After 32 years of calling 'em, Harry G. Geisel has resigned as an American league umpire.

Geisel disclosed at an amateur baseball dinner last night that he had sent his resignation to Will Harridge, American league president, so he could "aid in the war effort and make permanent business connections" here.

Geisel, who did not elaborate on his future plans, has been an American league umpire for 16 years.

Geisel, who never played professional baseball, made his debut as an umpire in 1910 in the Illinois-Missouri league. He worked in the Wisconsin-Illinois, Central and Wisconsin and Western circuits before going to the International loop in 1922. Three years later he graduated to the American league.

Evangelical, United Brethren Union Seen

Naperville, Ill., Oct. 14.—(AP)—By an overwhelming vote, the Evangelical church decided yesterday to unite with the Church of the United Brethren in Christ.

The proposal, which still has to be acted upon by the next general conference of the Church of the United Brethren in Christ, is the culmination of eight years of planning for a merger of 750,000 church members and \$65,000,000 worth of church property in the United States and Canada.

MISSIS FIRST GAME

Fort Worth, Oct. 14.—An injured knee caused guard Mike Harter to miss his first game with Texas Christian since 1940. He was out of the Kansas engagement after participating in 23 in a row.

—You need Healo this weather. Sprinkle this wonderful foot powder in your shoes and you will enjoy a comfort you never dreamed of.

BOOST FOR BLUM

Lebensburg, Pa., Oct. 14.—S. J. (Bus) Blum, line coach at Bucknell, was appointed an assistant in physical education.

—Lee County Plat Books. 50c each. Something every land owner should have. For sale by the B. F. Shaw Printing Company.

**Fire Causes \$100,000 Damage in MGM Studio**  
Culver City, Calif., Oct. 14.—(AP)—Fire raged through a section of the Metro-Goldwyn-Mayer film studio late last night, wrecking several sets and causing damage estimated at \$100,000. There was no immediate indication of the fire's origin.

LEGAL PUBLICATION

**NOTICE OF APPLICATION FOR PROBATE OF WILL**  
State of Illinois, County of Lee, ss  
In the County Court.

To Trustees of Prairie Repose Cemetery Association, Mathilda Flint, Agnes Conley, Dixon Public Hospital and the First Presbyterian Church of Dixon and the unknown heirs at law, if any, of Anna L. Carson, deceased.

You and each of you will hereby take notice that an instrument purporting to be the last will of Anna L. Carson, deceased, has been filed in the office of the Clerk of the County Court of the County of Lee, Illinois, together with the petition of Albert H. Hanneken representing among other things that the names of all their heirs, legatees and devisees of said deceased, are as follows, to wit:

That deceased left no husband or child, no father, mother, sister, brother, niece, nephew or cousin, her surviving; that the heirs at law of said deceased, if any, are unknown to petitioner; that deceased, during her lifetime stated to petitioner that she had no known living relatives; that such unknown heirs, if any, of the said deceased, he given notice of the filing of the petition and of said will, and of the date the petition is set for hearing, in the manner required by law, under the name and style of "The Unknown Heirs at Law of Anna L. Carson, deceased."

and praying that said instrument be admitted to probate as the last will of said deceased, and that the same be ordered recorded.

You will also take notice that the hearing on said petition and the proof of said purported last will has been set by said Court for the 9th day of November, 1942, at 10 o'clock A. M., in the County Court Room in the City of Dixon in said County, when and where you may appear and show cause, if any you have, why said purported last will should not be admitted to probate.

Dated this 5th day of October, 1942.

Sterling D. Schrock  
Clerk of the County Court of said County.  
Oct. 7, 14, and 21, 1942

## Birthday Party

Jan Prentice was the guest of honor at a birthday party held at the home of his parents, Mr. and Mrs. John Prentice, Friday afternoon. Two beautiful birthday cakes decorated the tables and were presented to the young guest by his grandmother, Mrs. Frank Wiley of Scarborough and aunt "Max." Mrs. Prentice, the hostess, served ice cream and cake, with candy and little favors also decorated the table of the guest of honor. Games were played, during the afternoon and the young man received many lovely gifts on his fifth birthday.

This present to help make it a happy birthday for Jan were Mrs. Theron Tessen and daughter Kay of Dixon, Mrs. Frank Ogle and mother of DeKalb, Mrs. Frank Wiley of Scarborough, Miss Tillie Grunderman of Freeport, Mrs. Vic Winterton and daughter Sharon, Mrs. Bayle Harper, Mrs. Freeman Wiley, Keith Pfeifer, Johnny Torman, Otto Safranek and Richard Kaiser, all of Paw Paw.

## Idle Hour Club

Hilda and Loretta Politsch entertained the members of the Idle Hour club at her home Monday afternoon for their regular meeting. There were about 10 present for the meeting and during the business session the president of the club, Mrs. Howard Frye read a letter she received from Mrs. Gilbert Englehart. Mrs. Englehart wishes to resign from the club because it is now almost impossible for her to make the necessary trips it would take if she continued to belong. Two contests were held with Mrs. Ivan Kern and Mrs. Wilbur Zink receiving the prize awards. The traveling prize was won by Mrs. Floyd Archer and Mrs. Clyde Walker received a lovely birthday gift from a secret friend. This business meeting and social time was enjoyed by the group with the hostess serving a delicious luncheon to round out a pleasant afternoon for everyone. The next meeting of the club will be held at the home of Mrs. Wilbur Zink.

## 30th Wedding Anniversary

Mr. and Mrs. Gilbert Krenz of Leland entertained a large group of friends and relatives at their home Sunday afternoon at a delicious dinner. This dinner was to celebrate the 30th wedding anniversary of Mr. and Mrs. Wayne Niebergall. The group extended their heartfelt congratulations and presented many lovely gifts to the honored guests.

Those present to help make it a delightful wedding anniversary were: Mr. and Mrs. Floyd Niebergall of Chicago, Mr. and Mrs. LaVerne Galisath and daughter Sharon and Mrs. Hattie Weier of Rockford, Mrs. Ila Miller, Philip Niebergall, Roy Blee and the guests of honor, Mr. and Mrs. Wayne Niebergall, all of Paw Paw.

## Twentieth Century Club

The members of the Twentieth Century club gathered at the home of Mrs. Nellie Adrian Friday afternoon for their first meeting of the new fall and winter season. The Junior Woman's club members were the special guests for the afternoon festivities. The regular business meeting was

held, after which a short program was presented. Mrs. Frank Wheeler and Mrs. I. H. Breese were on the program committee and Mrs. Stevens opened with several readings. Mrs. John French then played several musical selections on the piano to help entertain.

entertain the group. Following the short program and social period the hostess served delicious refreshments. A delightful afternoon was reported by everyone.

## Contract Club

The Contract club members held their regular meeting at the home of Mrs. Dale Rosencrans Monday evening. Mrs. Carl Rosencrans won high honors and Mrs. Harrison Beemer received the low score. The hostess then served a dainty lunch to round out a pleasant evening.

## Hello World
